April 5, 2010

2:44 am unitystoakes: @boltyboy @bluetopaz Excited for @stevenkrein @organizedwisdom to present this week at #health2eu

5:29 am SusannahFox:Bonjour Paris! Empty flight so I got to sleep. Easter is still a real holiday. #health2eu

5:35 am HITpol:RT @boltyboy: @jennschenker has written such a great article about who's going to be at #health2eu http://bit.ly/cJxUbg that I'm not sure..

7:35 am psweetman:Bonjour tout le monde in Paris for #health2eu

8:18 am bluetopaz:Breakfast with Medpeer.jp and earliest conversations about Health 2.0 Japan, but first, final prep for #health2eu!

9:11 am TiphaineMF:1st volunteer meeting for #health2eu (@ cité universitaire internationale paris) http://4sq.com/9S07jN

11:34 am psweetman:Lovely building here at City University #health2eu http://twitpic.com/1ddu4c

11:36 am ehealthgr:waiting for tomorrow. City University is indeed very beautiful. But then again, the whole Paris is awesome. #health2eu

11:38 am ehealthgr:hope to meet many people from the medical - health blogosphere in person. #health2eu

11:41 am COOKCOUNTRYC0: #health2eu Bravo for new companies / sites /tools launching at Health 2.0 Europe: Desbons (F), MoodInstitute (F), Eurordis (eu), HON (Ch)

12:01 pm TiphaineMF:Trying to upload some photos from the Cité Universitaire and the #health2eu team - find all of them on Fb http://ls.gd/dbf5G

12:19 pm skoko:RT @janicemccallum: RT @health20Paris: Read @jennschenker ’s pre-conference article on Health2.0 EUrope #health2eu http://bit.ly/cJxUbg #healthit

12:22 pm skoko:@arthur_alston will you be tweeting from #health2eu ?

1:02 pm health20Paris: #health2eu do u think women speakers can wear microphone headsets & not look dorky?

1:04 pm mysteryugi:it's a big deal to our hair RT @health20Paris: #health2eu do u think women speakers can wear microphone headsets & not look dorky?

1:11 pm psweetman: I'm @boltyboy's runner at Health 2.0 Paris. It's going to be a good Conference #health2eu

1:37 pm Kiwfranc:RT @health20Paris: #health2eu do u think women speakers can wear microphone headsets & not look dorky?

1:37 pm Kiwfranc:@health20Paris J'aime mieux les casques + le coiffeur que les "machins " dans les oreilles qui ne tiennent pas #health2eu

1:47 pm pauldixey:en route pour #health2eu should arrive in time pour une biere :-)

1:49 pm tbierre:RT @pauldixey en route pour #health2eu should arrive in time pour une biere :-) 

1:52 pm odomlewis:RT @janicemccallum: RT @health20Paris: Read @jennschenker ’s pre-conference article on Health2.0 EUrope #health2eu http://bit.ly/cJxUbg 

2:53 pm health20Paris: My Top Subjects of my Tweets are #health2eu, @berci, paris, @health20paris,. by http://TwitterAnalyzer.com

3:31 pm psweetman: Anyone up for a drink or a meal this evening? Some of us are having a tweet up #health2eu

3:59 pm health2con:We're inside at the Cite Universitaire doing last minute prep for #health2eu We're looking forward to Health 2.0 really surprising Europe

3:59 pm boltyboy:We're inside at the Cite Universitaire doing last minute prep for #health2eu We're looking forward to Health 2.0 really surprising Europe

4:01 pm sharingstrength:RT @boltyboy: We’re inside at the Cite Universitaire doing last minute prep for #health2eu We’re looking forward to Health 2.0 really surprising Europe
4:01 pm TiphaineMF: =) RT @boltyboy: We're at the Cite U. doing last minute prep for #health2eu We're looking forward to Health 2.0 really surprising Europe

4:06 pm msaxolotl: RT @boltyboy: Inside at the Cite Universitaire doing #health2eu last min prep We're looking forward to Health 2.0 really surprising Europe

4:08 pm ValerieRAVERY: RT @health2con: We're inside at the Cite Universitaire doing last minute prep for #health2eu We're looking forward to Health 2.0 really surprising Europe

4:09 pm McDawg: Looking forward to following #health2eu http://www.health2con.com/paris2010/

4:29 pm SusannahFox: #health2eu

4:33 pm health20Paris: Did u enjoy the sunny day in Paris? RT @SusannahFox: #health2eu

4:33 pm fsgoldstein: @boltyboy re: #health2eu -looking forward to it as well Matthew, see you tomorrow and present on Wednesday. #welness #h2o #healthcare

4:34 pm msaxolotl: RT @SusannahFox: #health2eu

4:35 pm SusannahFox: Meant that last as a search not a minimalist tweet. Kicked off #health2eu w/a walking meeting w @jamie_heywood along Seine.

4:39 pm health2works: Patients sets up feedback site for NHS hospital from his bed -http://tinyurl.com/y27ler #hhs #fb #health2eu

4:59 pm ehealthgr: RT @SusannahFox: Be conscious of choices: technology platform, openness policies, community scale. Which adaptations best fit your goals? #health2eu #evolve

5:19 pm xbrochart: After Berlin's #hcsmeucamp last week, I'll be volunteering at #health2eu for the next 2 days :-(

5:21 pm odomlewis: Look forward to your updates, Xavier! RT @xbrochart After Berlin's #hcsmeucamp, I'll be volunteering at #health2eu 4 next 2 days :-) (Paris)

5:40 pm Kiwfranc: Qui parle français dans le #health2eu ???

5:45 pm bupa_intl: Just arrived in Paris for the first European Health 2.0 conference. You can follow the action on Twitter with this tag #health2eu

6:38 pm health2Paris: @susannahfox &i are looking fwd to hugging our tweeps #health2eu

7:47 pm marcfouchecour: @Peccoux je serai aussi à #health2eu demain et mercredi après-midi. On s'y retrouve pour un café ?

8:01 pm MedeSpace: RT @TiphaineMF: =) RT @boltyboy: We're at the Cite U. doing last minute prep for #health2eu We're looking forward to Health 2.0 really surprising Europe

8:14 pm TiphaineMF: @Kiwfranc il est possible qu'il y ait quelques tweets en français… ;-) #health2eu

8:14 pm RonanDenoual: Back in Paris. See you tomorrow in Health 2.0 Europe con ! #health2eu

8:19 pm sharingstrength: @TiphaineMF @Kiwfranc Je vais essayer faire quelques tweet en français à #health2eu.

8:21 pm arthur_alston: Off to Paris early tomorrow morning for Health 2.0 Europe. Can't wait, #health2eu

8:31 pm ehealthgr: RT @health2works: How Web 2.0 and Social Media are Transforming Healthcare http://tinyurl.com/yyc3bgjt #fb #health2eu #nhs

8:33 pm sharingstrength: RT @health2works: How Web 2.0 and Social Media are Transforming Healthcare http://tinyurl.com/yyc3bgjt #fb #health2eu #nhs

8:38 pm ehealthgr: This is a very good collection of Health 2.0 presentations. Connected and Bookmarked http://ow.ly/1uQW6 #health2eu

8:49 pm Kiwfranc: @SharingStrength Je te remercie pour ta retransmission en français. Pas besoin d’accent, l’inquiètes ;-) #health2eu

8:52 pm EngagementStrat: Looking forward to reconnecting with old friends and making some new ones at #health2eu in Paris tomorrow #in

8:55 pm jframadier: RT @bluetopaz: http://www.rarediseasecommunities.org/en (collab between EURORDIS and NORD) designed by patients for patients launches at #health2eu

9:37 pm health2Paris: @TiphaineMF #health2eu je t'apporte un ordi de + et en avant tes tweets trilingues, ma chère.

9:38 pm health2Paris: #health2eu qui ven a escribir los tweets en espanol de la conferencia ?

9:39 pm health2Paris: #health2eu @xbrochart je suppose k pas possible tweeting en chinois ?

9:39 pm Bonnycastle: RT @ehealthgr: This is a very good collection of Health 2.0 presentations. Connected and Bookmarked http://ow.ly/1uQW6 #health2eu
9:52 pm  **SusannahFox:** RT @bluetopaz: http://www.rarediseasecommunities.org/en (collab between EURORDIS and NORD) designed by patients for patients launches at #health2eu

9:55 pm  **SusannahFox:** Discussed rare disease and the long tail w @gfry and @bluetopaz tonight. Internet crushes boundaries. #health2eu

9:56 pm  **health20Paris:** C Orphanet & @eurordis RT @SusannahFox: #raredisease and the long tail w @gfry and @bluetopaz. Internet crushes boundaries. #health2eu

9:58 pm  **health20Paris:** #health2eu @tiphainemf will write & collect multilingual tweets 4 @health20paris 2 summarize

10:06 pm  **ValerieRAVERY:** Wonder Woman :-) RT @health2eu @TiphaineMF will write & collect multilingual tweets 4 @health20paris 2 summarize #health2eu

12:35 pm **pierreyves**: I'd say yes imho :) RT @SharingStrength: #health2eu In Europe are grants, sponsorships better regarded than outright advertisements?

12:35 pm **TiphaineMF**: bienvenue dans l’émission "quiveut gagner des millions de patients à #health2eu"

12:35 pm **health20Paris**: #health2eu Will European accept private comm content (vote)

12:35 pm **ChristianFW**: Personalised advertising is the future according to @berci. #health2eu

12:36 pm **chibbie**: RT @bacigalupe: #health2eu "quality health information is a right" as important as care says Celia Boyer (via @health20Paris)

12:36 pm **health20Paris**: #health2eu audience thinks priv info will run 2nd to govt

12:36 pm **jamesmusick**: #health2eu but the government's authoritative content isn't difficult to find/use? And part of health 2.0 is trying to resolve this, yes?

12:36 pm **dawidge**: #health2eu silly q. Consumers will accept ads as they already do. Eg fake med adverts!!

12:36 pm **TiphaineMF**: #health2eu 45 % of audience think europeans accept private commercial content because it will always run second to government

12:36 pm **health20Paris**: @iguard you weren't supposed to b able to b here ? #health2eu

12:37 pm **sharingstrength**: RT @TiphaineMF: #health2eu 45 % of audience think europeans accept private commercial content cause it will always run second to government

12:37 pm **odomlewis**: RT @whydopharma @roche_com @Novartis @Pfizer_news @boehringer @jn_jcomm find Pharma twittersphere III here [http://bit.ly/czivrO](http://bit.ly/czivrO)

12:37 pm **nextwidgets**: @iguard says that response rate from patients went way down when ads were installed in the system #health2eu

12:38 pm **sharingstrength**: #health2eu @iguard is here afterall.

12:38 pm **jamesmusick**: #health2eu funny talking about banner ads - but we just saw racy banner ad on West's site ;)

12:38 pm **Goetz**: RT @bacigalupe #health2eu "quality health information is a right" it is as important as care says Celia Boyer (via @health20Paris)

12:38 pm **StreamingWell**: @iguard 2,232,293.00 #health2eu

12:38 pm **HealthGlobal**: Healthline Networks: "Ads are content!" [http://tweetphoto.com/17374562 #health2eu](http://tweetphoto.com/17374562 #health2eu) (via @chrisangele) /yes, and often damaging content
12:38 pm health20Paris: @psweetman #health2eu I've just reminded ppl of Health 2.0 Paris chapter hashtag #health20fr that's all

12:38 pm flim2ehealth: By the way Health2.0 Paris was fully booked! Great success. Congratulations to organisers #health2eu

12:38 pm nextwidgets: @healthline defends the add model by saying that there are custom solutions that are more akin to content, not just banner ads #health2eu

12:38 pm jamesmusick: #health2eu so talk has turned to sophisticated ads (relevant ads) - yet what we've seen is totally low-brow ads.

12:39 pm sharingstrength: #health2eu Healthline says that advertising is not only banner ads. There are very rich customized advertising solutions. See WebMed

12:39 pm HealthGlobal: #health2eu cela avait été un souhait de ma part qu'aucun intervenant ici à Paris ne soit exclu car francophone (via @health20Paris) :)

12:39 pm jamesmusick: #health2eu Of course search (Google or otherwise) is where people start 'searching' for health information - makes sense, right?

12:39 pm RonanDenoual: Sur Healthline, micro-sites personalisés -> revenus #health2eu #health20fr

12:39 pm erikdigiredo: #health2eu Interesting discussion about participation pharma comp. in biz model H20 services.

12:39 pm health20Paris: Get here well b4 8:30 Wed @Flim2ehealth Health2.0 Paris fully booked! Great success. Congratulations to organisers #health2eu

12:40 pm flim2ehealth: Now the discussion on the role of (dr.) Google as the dominant search engine #health2eu

12:40 pm jamesmusick: #health2eu discussing Google w/ Google product managers in front row, fun!

12:40 pm health20Paris: #health2eu how do u get visibility 4 yr search service? Answer Healthline is Partners

12:40 pm chriseckl: RT @Sitekit: Sitekit is sponsor at #health2eu conference in Paris

12:40 pm SynoHealth: #health2eu 45 % of audience think Europeans accept private commercial content because it will always run second to government.

12:41 pm jamesmusick: #health2eu "Google is the front door" (reasonably good analogy)

12:41 pm SusannahFox: Most important Q of search panel: Google's role? Are you in users' glide path? #health2eu

12:41 pm odomlewis: @andrewspong Hello Andrew! Hope all is well. What is best highlight from #health2eu so far?

12:41 pm HealthGlobal: @boltyboy "... Is it illegitimate to have adverts?" #health2eu (via @doctorblogs) / NO, if you really want to scale beyond the privileged

12:41 pm health20Paris: #health2eu HON mentions earlier partnership with google called coop.

12:41 pm sharingstrength: RT @flim2ehealth: Now the discussion on the role of (dr.) Google as the dominant search engine #health2eu

12:41 pm paulgrant: Panel on Google PPC, although in recent times I have observed more 'engaged' traffic through sources such as Bing and LinkedIn #health2eu

12:41 pm StreamingWell: Custom solutions might be a good way to offer advertising in the EU examples, WebMD.com, Healthline.com, EverydayHealth.com #health2eu

12:41 pm nextwidgets: @healthline syndication / biz dev is important - site has 6 mil. users but the content is syndicated to more than 90 mil. more #health2eu

12:41 pm sharingstrength: RT @jamesmusick: #health2eu "Google is the front door" (reasonably good analogy)

12:41 pm nextwidgets: RT @health20Paris: Get here well b4 8:30 Wed RT @Flim2ehealth Health2.0 Paris fully booked! Great success. Congratulations to organisers #health2eu

12:41 pm TiphaineMF: RT @SusannahFox: Most important Q of search panel: Google's role? Are you in users' glide path? #health2eu

12:42 pm health20Paris: #health2eu @Berci loves Google but in medicine need epatients & professionals' insights

12:42 pm sharingstrength: #health2eu @berci claims that search in medicine needs more than Google

12:42 pm jamesmusick: #health2eu in medicine google may not do as well (since algorithm different about what is quality). but Google could fix this in some way...

12:42 pm ehealthgr: RT @health20Paris: #health2eu HON mentions earlier partnership with google called coop.

12:42 pm sharingstrength: #health2eu Webicini builds extensions to enhance google
12:42 pm sharingstrength: RT @SusannahFox: Most important Q of search panel: Google's role? Are you in users' glide path? #health2eu

12:42 pm dawidge: RT @sharingstrength: #health2eu @berci claims that search in medicine needs more than Google

12:42 pm odomewis: RT @xbrochart: Health 2.0?????????????????????????5?????????, 4?6?7? Health 2.0??????????????????????hash

12:42 pm ehealthgr: RT @jamesmusick: #health2eu in medicine google may not do as well (since algorithm different about what is quality), but Google could fix this in some way...

12:42 pm jamesmusick: #health2eu It'd be interesting if they share (Medworm just did) where their traffic comes from - I bet all of them have Google as #1 source

12:43 pm nextwidgets: RT @jamesmusick: #health2eu It'd be interesting if they share (Medworm just did) where their traffic comes from - I bet all of them have Google as #1 source

12:43 pm health20Paris: #health2eu un des rares congrès internationaux de nos jrs où francophones peuvent écouter & parler en français

12:43 pm SusannahFox: West Shell of Healthline's strategy is to insinuate into other popular, consumer sites - reach 100M #health2eu

12:43 pm flim2ehealth: 'Google is the frontdoor', Healthline CEO says. Opinions however differ in the panel on the possible role of Google #health2eu.

12:43 pm odomewis: RT @sharingstrength: #health2eu @berci claims that search in medicine needs more than Google

12:43 pm StreamingWell: Grow a health partner network to grow your audience and attract commercial sponsorship or advertising #health2eu

12:43 pm TiphaineMF: We can mix Google with HON approved content #health2eu

12:43 pm jamesmusick: #health2eu I can't remember if MSFT is here, but seems like they should be with Bing & their HealthVault product

12:43 pm meducate: RT @odomewis: RT @xbrochart: Health 2.0?????????????????????????5????????, 4?6?7? Health 2.0??????????????????????hashhtag->

12:43 pm odomewis: RT @health20Paris: #health2eu HON mentions earlier partnership with google called coop.

12:43 pm doctorblogs: Search Q&As @boltyboy "What about Google?" @berci "Medicine is different, you need someone to navigate the content" #health2eu

12:44 pm health20Paris: #health2eu this panel is very optimistic about making inroads in being known versus Google. Let's wish them the best!

12:44 pm nextwidgets: Medworm "never spent a penny on advertising" but traffic is growing from word of mouth and being found on google #health2eu

12:44 pm chibbie: RT @paulgrant: Panel on Google PPC, altho in recent times have observed more 'engaged' traffic thro sources as Bing and Linkedin #health2eu

12:44 pm TiphaineMF: #health2eu 1st session is off. Anybody wants a coffee break ? Take a deep dive or see the twitter live stream on the power lunge.

12:44 pm paulgrant: For me, I prefer 'partnerships' in healthcare information, rather than 'sponsorship/grants' - less distracting #health2eu

12:44 pm dawidge: #health2eu off to see Pfizer France iPhone apps

12:45 pm StreamingWell: Healthline has 8-9 million uniques to its site the remaining 90+% is it's partner network #health2eu

12:45 pm mryhyde: RT @chibbie: @alissproject you may find some good cross fertilisation at #health2eu today << you're right, watching with interest - thanks!

12:45 pm andrewspong: RT @paulgrant: For me, I prefer 'partnerships' in healthcare information, rather than 'sponsorship/grants' - less distracting #health2eu

12:46 pm IPPZ_nl: RT @flim2ehealth: Now the discussion on the role of (dr. ) Google as the dominant search engine #health2eu

12:46 pm chibbie: Yes insights from all stakeholders RT @sharingstrength: #health2eu @berci claims that search in medicine needs more than Google

12:46 pm IPPZ_nl: RT @health20Paris: #health2eu @Berci loves Google but in medicine need epatients & professionals' insights

12:46 pm Gaby_NovoViva: RT @TiphaineMF: We can mix Google with HON approved content #health2eu

12:46 pm psweetman: Break for coffee & exhibition. Also Pfizer Deep Dive looking at DrMobile #health2eu

12:46 pm IPPZ_nl: RT @flim2ehealth: 'Google is the frontdoor', Healthline CEO says. Opinions however differ in the panel on the possible role of Google #health2eu.
12:46 pm nextwidgets: break here at #health2eu - what a great start to the day! really interesting and challenging topics covered right off the bat

12:47 pm andrewspong: @odomlewiss Good morning Angela. Like you I'm watching the #health2eu feed rather than participating IRL, but that was an interesting session

12:48 pm zoknadejda: RT @paulgrant: In passing we hear mention of Yahoo! Health as the third largest engine for health information #health2eu

12:48 pm zoknadejda: RT @paulgrant: Observing an increase in transparency throughout healthcare because of Health 2.0 #health2eu

12:49 pm alissproject: RT @doctorblogs: #health2eu Q&As @boltyboy "What about Google?" @berci "Medicine is different, you need someone to navigate the content"

12:49 pm setonrog: RT @sharingstrength: Personalizing search, communities intelligent tools integration of data with content. Def of Health2.0 #health2eu

12:50 pm chibbie: Great quality controlled content appropriate to user/culture is key in health. Access to content & #infolit skills not assumed #health2eu

12:51 pm chibbie: Yes @paulgrant 'partnerships' in healthcare information, rather than 'sponsorship/grants'. Already happens at community level #health2eu

12:52 pm ehealthgr: #health2eu very nice atmosphere down here. Coffee break with many discussions going on here.

12:53 pm andrewspong: RT @chibbie: Great quality controlled content appropriate to user/culture is key in health. Access to content & #infolit skills not assumed #health2eu

12:54 pm ANewCLOUD: Interesting discussion at #health2eu on ads vs govt vs fee-based sites. Regardless of biz model, money is needed no matter what the source.

12:54 pm CLOUDHealth: Interesting discussion at #health2eu on ads vs govt vs fee-based sites. Regardless of biz model, money is needed no matter what the source.

12:54 pm odomlewiss: RT @chibbie Great quality controlled content appropriate 2 user/culture is key in health. Access ...& #infolit skills not assumed #health2eu

How many communities will a doctor effectively join? Answer: 47% says 2, 30% says one... #health2eu

Both doctors.net.uk and sermo claim they have no immediate plans to expand out of their respective markets (uk and us) #health2eu

I'm missing @symposier from this panel. It would perfectly fit in. #health2eu

Doctors.net.uk "Obviously" #health2eu

Does Sermo represent medicine, or as some claim, a 'lunatic fringe' of hate and fear mongering? #health2eu

Doc2Doc reverse-publishing. take the communities' online comments and publish as printed output. #health2eu

’ve docs would cope w 2 online communities’. @health20paris suggests this'd be a global one & national one #notconvincing #health2eu

Comien de communauté vous que les médecins sont prêts à utiliser. R : 2 à 47 % #health2eu

Both doctors.net.uk and sermo claim they have no immediate plans to expand out of their respective markets (uk and us) #health2eu

Does Sermo represent medicine, or as some claim, a 'lunatic fringe' of hate and fear mongering? #health2eu

Online communities serve primarily to seed, nurture & grow physician victimization energy, they will have missed point #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

' docs would cope w 2 online communities’. @health20paris suggests this'd be a global one & national one #notconvincing #health2eu

After you strip away all the buzzwords & complexity, social media = democratization of paternalistic & hierarchical H/C culture #health2eu

Hearing about dramatic and childish behaviour by newbie online doctors in closed professional communities #health2eu

Audience thinks physicians will engage in 2 Communities. Q:Does this include fb or only professional ones? #health2eu

Both doctors.net.uk and sermo claim they have no immediate plans to expand out of their respective markets (uk and us) #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

Doc2Doc reverse-publishing. take the communities' online comments and publish as printed output. #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

Would be happy to meet you here IRL at #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu
katycbishop: RT @ChristianFW: Both doctors.net.uk and sermo claim they have no immediate plans to expand out of their respective markets (uk and us) #health2eu

Berci: @paulgrant I could show you many examples of childish behaviour of doctors in public communities... #health2eu

RonanDenoual: Quid du rapport avec l'industrie pharma : bien séparer pub et contenu pour écarter le conflit d'intérêt ? #health2eu #health2fr

calliopeconsult: RT @kevinmd: RT @Berci: Physicians are more likely to join Facebook or Twitter than Sermo (Sermo founder) "Obviously" #health2eu

sharingstrength: #health2eu what are doc communities saying abt pharma. Cant hear while recharging computer.

clovisim: RT @Berci: Sermo founder has never heard about Doctors.net.uk? Did I misunderstand something? #health2eu

gaborgy: RT @healthguru: online communities served primarily to seed, nurture&grow MD victimization energy, they will have missed point #health2eu

Berci: Now it would be great to see a Twitter backchannel on a screen next to speakers. Great questions are being asked virtually #health2eu

sharingstrength: Wd like examples to help educate docs RT @Berci: I cd show you examples of poor behaviour of docs in public communities #health2eu

ValerieRAVERY: RT @doctorblogs: OMG, the conversation is now "Doctors behaving badly online V Doctors improving healthcare" #health2eu

aallende: 'What happens if they talk bad about our product?' I guess that Pharma is not ready #health2eu

hoproeger: This discussion is too Pharma centric: what about med tech companies #health2eu

RonanDenoual: Pas facile à défendre le business model pub : nous "sommes attentifs" disent ils ! Une manière d'élider le pb ? #health2eu #health2fr

psweetman: Docs should remember not all audience is clinical RT @Berci Audience doesn't really enjoy bloody images/videos...Lessons learned #health2eu

odomlewis: RT @Berci Would be gr8 2 see Twitter backchannel on a screen next to speakers. Gr8 questions being asked virtually #health2eu #health2eu

sharingstrength: RT @RonanDenoual: Quid du rapport avec l'industrie pharma : bien séparer pub et contenu pour écarter le conflit d'intérêt ? #health2eu

odomlewis: For those who may not follow doctors.net.uk on Twitter - @docs_net_uk #health2eu

ChristianFW: RT @Berci: Now it would be great to see a Twitter backchannel on a screen next to speakers. Great questions are being asked virtually #health2eu

andrewspong: RT @odomlewis: RT @Berci Would be gr8 2 see Twitter backchannel on a screen next to speakers. Gr8 questions being asked virtually #health2eu #health2eu

RonanDenoual: Les stats des communautés : utilisation forte le WE, le soir ou très tot le matin #health2eu #health2fr

Berci: On Sermo, the older you are, the busier you are in the community (Sermo founder) #health2eu

mwcdotmobi: Health 2.0 not yet Mobile Health 2.0 @ #health2eu in Paris; beyond Mobile Social Web so far I learned about Dr.Mobile from Pfizer:-)

RonanDenoual: Sermo : plus vous êtes occupé, plus vous êtes âgé et plus vous allez sur Sermo.com #health2eu #health2fr

EngagementStrat: Sermo says older physicians are busier, and more active in online network too. #health2eu

doctorblogs: @folliet blood & gore surgical pics courtesy of www.neurosurgic.com & www.medting.com Medical Tube. @Berci #health2eu

endamadden: RT @Berci: On Sermo, the older you are, the busier you are in the community (Sermo founder) #health2eu

sharingstrength: RT @Berci Would be gr8 2 see Twitter backchannel on a screen next to speakers. Gr8 questions being asked virtually #health2eu #health2eu

psweetman: @odomlewis @berci The backchannel is on screen next door to right (in power-up lounge) so sadly not visible from auditorium #health2eu

3:56 pm SkinCampaign: RT @rzeiger: @susannahfox: people with chronic disease, IF they get online, have a trump card: each other. #health2eu

3:56 pm portablegenomic: Will 2.0 doctors communities take over scientific associations? Very good question. free speech vs hierarchical organization. #health2eu

3:56 pm eyeonfda: RT @Berci: On Sermo, the older you are, the busier you are in the community (Sermo founder) #health2eu

3:56 pm sharingstrength: RT @RonanDenoual: Les stats des communautés : utilisation forte le WE, le soir ou très tot le matin #health2eu

3:56 pm Berci: End of physician community panel. Closing remarks from organizers... #health2eu

3:57 pm m_sekar: RT @kevinmd: RT @Berci: Physicians are more likely to join Facebook or Twitter than Sermo (Sermo founder) "Obviously" #health2eu

3:57 pm odomlewis: RT @psweetman The backchannel is on screen next door to right (in power-up lounge) so sadly not visible from auditorium #health2eu

3:58 pm Berci: Today: Search/content, e-patients and doctors. Tomorrow: tools, payers, regulators, pharma... #health2eu

3:58 pm chrisbetterton: Good to hear doc2doc being presented at #health2eu http://tinyurl.com/yctf13e

3:58 pm SkinCampaign: RT @sharingstrength: #health2eu In my opinion, doctors need pt navigators to help newbie patients. Peers and website editors could be the missing link.

3:58 pm Berci: See you tomorrow, will tweet actively as long as there is wi-fi and #power... #health2eu

3:59 pm RonanDenoual: Argh no more battery... #health2eu #health20fr

3:59 pm 2healthguru: @Berci is there a live feed?? #health2eu

3:59 pm portablegenomic: Medting, a very elegant 2.0 doctors web community. #health2eu

4:00 pm TiphaineMF: Little pool on #health2eu Day 1. If you have had only one thing to remember, what would it be? Comment on http://ow.ly/1v2dF

4:00 pm TiphaineMF: #health2eu Ccls. Patients quite similar regarding what they are looking for on the web - exact contrary with "consider them as colleagues"

4:00 pm odomlewis: RT @portablegenomic: Will 2.0 doctors communities take over scientific associations? Very good question. free speech vs hierarchical organization. #health2eu

4:01 pm autumns_leaf: @2healthguru sounds like a cue for me 2 enter #health2eu http://sermotalk.wordpress.com/to-sermoans/

4:02 pm JohnSharp: RT @portablegenomic: Will 2.0 doctors communities take over scientific associations? free speech vs hierarchical organization. #health2eu

4:03 pm msaxolotl: RT @autumns_leaf: @2healthguru sounds like a cue for me 2 enter #health2eu http://ls.gs/diihi8i (I figured u get in on this) on reports

4:03 pm novoseek: Thank you for keeping us updated on #health2eu today @TiphaineMF @Berci @RonanDenoual @aailende

4:03 pm ValerieRAVERY: RT @Berci: Today: Search/content, e-patients and doctors. Tomorrow: tools, payers, regulators, pharma... #health2eu

4:03 pm EngagementStrat: World Health Organization highlight health divide between poor & wealthy. Yes! We've been covering this in engagementstrategy.tv #health2eu

4:03 pm nextwidgets: closing remarks by Indu - "advertising models have worked for the large publishers but not so well for smaller ones" #health2eu

4:03 pm odomlewis: RT @TiphaineMF Little poll on #health2eu Day 1. If only one thing 2 remember, what would it be? Comment -> http://ow.ly/1v2dF #health2eu

4:04 pm psweetman: Closing remarks from the organisers and comments from the audience #health2eu http://twitpic.com/1dnd06 http://twitpic.com/1dnd19

4:05 pm nextwidgets: which has brought about lots of innovation in alternative revenue models #health2eu

4:06 pm odomlewis: Thank you @Berci @SharingStrength @TiphanieMF @christianfw @psweetman for the updates from Paris today! See you tomorrow #health2eu

4:07 pm psweetman: For those of you asking, there is no live feed from #health2eu

4:07 pm TiphaineMF: there is a twittering pool on the power lounge, near twitter screen. thank you all #health2eu
4:07 pm andrewspong: My password :) RT @TiphaineMF: Poll on #health2eu Day 1. If you had only 1 thing to remember, what wd it be ? Comment on http://ow.ly/1v2dF

4:08 pm doctorblogs: Panel Qu "Will web2.0 doctors' communities (Sermo/DocsNet) take over professional associations??" #health2eu slow to adopt

4:08 pm msaxolotl: RT @psweetman: For those of you asking, there is no live feed from #health2eu (Thank you for letting us know)

4:08 pm iGuard: @GenevieveAV you are the #health2eu iPad winner! Please DM contact details! Final number 2,120,554 (winner picked 2,120,500)

4:09 pm 2healthguru: RT @autumns_leaf: @2healthguru sounds like a cue for me 2 enter #health2eu http://bit.ly/9Ub9St

4:10 pm epatientGR: @SharingStrength #health2eu #health2eu but is the speaker going to interrupt his presentation to answer tweeted questions?

4:11 pm painmd: RT @odomlewis: For those who may not follow doctors.net.uk on Twitter - @doctors_net_uk #health2eu

4:11 pm txmed: Wishing I was at #health2eu instead of post call here in the states

4:12 pm paintmd: RT @2healthguru: after strip away complexity, social media = democratization of paternalistic & hierarchical H/C culture #health2eu

4:12 pm SusannahFox: I am biased of course but I loved the patient network panel - cohesive thanks to @bluetopaz excellent prep #health2eu

4:14 pm epatientGR: RT @SharingStrength Wd lks examples 2 help educate docs RT @Berci I cd show U examples of poor behaviour of docs in public commnts #health2eu

4:15 pm SynoHealth: @iguard #health2eu 2 300 100

4:15 pm TiphaineMF: Agree w/ @sharingstrength intervention : connect communities between them #health2eu

4:15 pm ANewCLOUD: @andrewspong Do We Need an EU for online communities to bring together physicians, patients and content: http://bit.ly/a3Bbh6 #health2eu

4:15 pm erikdigiredo: #health2eu Closing the conference. Waiting 4 something special (?) and then off to the party!

4:16 pm epatientGR: RT @gaborgy RT @2healthguru online communities served primarily 2 seed, nurture&grow MD vctmzation energy, they will hv missed point #health2eu

4:16 pm CLOUDHealth: RT @ANewCLOUD: @andrewspong Do We Need an EU for online communities to bring together physicians, patients and content: http://bit.ly/a3Bbh6 #health2eu

6:42 am sharingstrength: #health2eu Ca commence lentement. Un sommaire de hier und une demonstration du reseau de Health2.0

6:42 am TiphaineMF: #health2eu tweet news 1: Please check yesterday transcript at http://ow.ly/1vhNj

6:42 am andrewspong: Are you on the virtual sidelines watching via Twitter (like me :)), or attending the event in person? RT @supergelule: Hi Health! #health2eu

6:42 am sharingstrength: #health2eu On commence maintenant avec le presentation des outils de media sociale.

6:42 am Kiwfranc: @TiphaineMF Bonjour Tiphaine Ya t’l eu une réponse à la question que j’ai posé hier ? #health2eu

6:43 am onpharma: Unlike ExL, #health2eu provide attendees list to attendees. Online. There’s a message here ExL.

6:43 am sharingstrength: #health2eu 6 new companies and social media soon to be presented.

6:43 am TiphaineMF: #health2eu tweet news 2: questions raised on twitter will be asked at the end of the day. So... tweet, think and ASK !

6:44 am andrewspong: TY for the RT :) RT @rehealthgr: @epatientGR #health2eu Day 1 tweet archive (PDF): http://bit.ly/98PP9t /via @andrewspong

6:44 am Kiwfranc: @sharingstrength Y en a qui sont toujours sous l’effet du champagne ;-) #health2eu

6:45 am psweetman: Opening speeches at #health2eu http://twitpic.com/1d5bjr

6:46 am ehealthgr: #health2eu network is a very interesting feature https://www.health2con.com /network.html

6:46 am TiphaineMF: We actually have the honor of SGs presence. but miss urs! RT @andrewspong on the virtual sidelines/attending? RT @supergelule #health2eu
6:47 am sharingstrength: #health2eu First up @alensa Alex Savic from Switzerland. e-commerce and health information.

6:47 am Kiwfranc: RT @psweetman: Opening speeches at #health2eu http://twitpic.com/1dsbjr

6:47 am ChristianFW: hi everyone, health 2.0 tools session starting #health2eu

6:48 am TiphaineMF: Panel 1 Health 2.0 Tools #health2eu

6:49 am psweetman: First session: Looking at Health 2.0 Tools #health2eu http://twitpic.com/1dsc31 http://twitpic.com/1dsc32

6:50 am Kiwfranc: @TiphaineMF how the conference & movement #health2eu can help little HC websites to exist & survive? asks @Kiwfranc from the french chapter

6:50 am andrewspong: @TiphaineMF I wish I was there with you all too, but thanks once again for the tweetstream :) #health2eu

6:50 am supergelule: Des canapés à la "Friends" sur la scène de Health 2.0... Where is Chandler? #health2eu

6:51 am paulgrant: @DrRemy Thanks 4 the tweet. U may be interested in our monthly e-journal for some extra food for thought http://bit.ly/dw8r4K #health2eu

6:52 am andrewspong: RT @paulgrant: @DrRemy Thanks 4 the tweet. U may be interested in our monthly e-journal for some extra food for thought http://bit.ly/dw8r4K #health2eu

6:53 am TiphaineMF: #health2eu Fred Goldstein, UK Preventive Medicine UK presenting www.thepreventionplan.co.uk/

6:53 am sharingstrength: #health2eu Here's Fred's Twitter handle fsgoldstein

6:53 am psweetman: Ist up Fred Goldstein of US/UK Preventative Medicine #health2eu http://twitpic.com/1dsc6ck

6:53 am sharingstrength: RT @paulgrant: @DrRemy Thanks 4 the tweet. U may be interested in our e-journal for extra food for thot http://bit.ly/dw8r4K #health2eu

6:54 am sharingstrength: #health2eu measuring patients' health score to encourage better health behaviours.

6:55 am sharingstrength: #health2eu garde votre sante avec un outil en ligne @fsgoldstein

6:56 am aallende: Thepreventionplan.co.uk in stage #health2eu

6:56 am sharingstrength: #health2eu Now up nutritionist Lisa Ware from Imperative Health. promoting prevention

6:56 am sharingstrength: RT @aallende: Thepreventionplan.co.uk in stage #health2eu

6:57 am ehealthgr: @TiphaineMF: #health2eu Fred Goldstein, UK Preventive Medicine UK presenting www.thepreventionplan.co.uk/

6:57 am sharingstrength: #health2eu support for improved heart health available online or via telephone.

6:57 am ehealthgr: RT @sharingstrength: #health2eu Now up nutritionist Lisa Ware from Imperative Health. promoting prevention

6:57 am TiphaineMF: #health2eu In case I miss a really pertinent twitter question, please help me to paste it on: http://ow.ly/1vryy

6:57 am psweetman: Next up Lisa Ware, nutritionist, Imperative Health #health2eu http://twitpic.com/1dsd4s

6:58 am ehealthgr: RT @paulgrant: @DrRemy Thanks 4 the tweet. U may be interested in our monthly e-journal for some extra food for thought http://bit.ly/dw8r4K #health2eu

6:59 am xbrochart: #health2eu Prevention plan: interesting way of calculating health risks to lower health insurance premium

6:59 am sharingstrength: RT @TiphaineMF: #health2eu In case I miss a really pertinent twitter question, please help me to paste it on : http://ow.ly/1vryy

6:59 am ChristianFW: very interesting demos so far: the prevention plan from preventive medicine and now, imperative health #health2eu

7:00 am supergelule: Prévention, calculs de risques et coachs en ligne : l'avenir du web santé grand public? #health2eu

7:00 am sharingstrength: #health2eu Imperative Health's website is beautifully laid out: clear, simple, large print. Perfect for target audience.

7:01 am psweetman: Lisa Ware speaking www.imperativehealth.com #health2eu http://twitpic.com/1dsc38

7:01 am ChristianFW: imperative makes use of biometric devices to record all your activities and then offer up advice based on measurements #health2eu
7:01 am sharingstrength: #health2eu biometric devices help show and encourage patients to modify behaviour and improve health: Imperative Health

7:02 am markhawker: @psweetman Has any session asked the various healthcare stakeholders what their current problems are? #health2eu

7:02 am SynoHealth: #Health2eu Lisa Ware présente www.imperativehealth.com un coach santé qui ressemble à WiFi en plus sérieux.

7:02 am sharingstrength: #health2eu Question from @boltyboy How to get ppl to use the tool?

7:02 am xbrochart: #health2eu Imperative Health makes me think about Fitbit, more health focused though and more developed too http://yfrog.com/4pxmkj

7:02 am A_Schoenmaker: RT @sharingstrength: #health2eu Imperative Health's website is beautifully laid out: clear, simple, large print. Perfect for target audience.

7:02 am supergelule: Next on stage @alenza and a clever widgets system. #health2eu

7:02 am sharingstrength: #health2eu Ans: Lisa works with NHS and nurses.Pts know they need to make changes, but don't know how. These tools help.

7:03 am ehealthgr: RT @markhawker: @psweetman Has any session asked the various healthcare stakeholders what their current problems are? #health2eu

7:03 am TiphaineMF: #health2eu ce n'est pas à l'outil de faire que les gens s'intéressent à lui, ms à l'outil de répondre aux préoccupations de ses utilisateurs

7:03 am ehealthgr: RT @sharingstrength: #health2eu biometric devices help show and encourage patients to modify behaviour and improve health: Imperative Health

7:03 am sharingstrength: #health2eu US vs UK employer incentive helps as does a personal coach. In person support tool's use.

7:04 am bluetopaz: Imperative Health impresses with wireless wristband for biometrics and very sexy web interface #health2eu

7:05 am sharingstrength: #health2eu staff monitors use of tool and will contact user when guidance is required.

7:06 am ehealthgr: RT @bluetopaz: Imperative Health impresses with wireless wristband for biometrics and very sexy web interface #health2eu

7:06 am ehealthgr: RT @bluetopaz: #health2eu zwischen 2 und 3 000 leute nützen solche Healthcare tools

7:07 am psweetman: @markhawker The sessions have until now been more demos than asking audience hc stakeholders what problems they r trying to solve #health2eu

7:07 am sharingstrength: #health2eu business model in US paid by employer but dtc options also available.

7:07 am health20Paris: #health2eu 2-3k users 4 ImperativeHealth. 30kPreventiveMedicine. Expect 100k with new partners.

7:07 am ChristianFW: 30k users for prevention plan and 2-3k for imperative. #health2eu

7:07 am IzzyWakeling: @DaveNClarke Hi Dave, I think the hashtag is #health2eu

7:08 am ChristianFW: Biz model for prevention plan is employers pay. They also offer consumer plan where consumers pay $299 per yr. #health2eu

7:08 am health20Paris: #health2eu Alex Savic e-commerce widget Alensa

7:08 am sharingstrength: #health2eu ok now we have up Alex Savic @alenza Next Widgets from Switzerland

7:09 am health20Paris: #health2eu Alensa's widget is inserted in other web sites creating the equalvalent of extra stores for product vendors

7:09 am ChristianFW: alensa next widget: e-commerce store in a widget #health2eu

7:10 am health20Paris: #health2eu Alensa enables clients to order products online while remaining at the web site where they were

7:10 am sharingstrength: #health2eu e-commerce widget can be tailored and added to publisher's page. User can make purchases without leaving original site.

7:10 am supergelule: Beautiful & useful: Contextual eCommerce widgets by @alenza... Right on your website! #health2eu
7:10 am health20Paris: #health2eu for partnerships in France with Alensa, you can contact BasIL Strategies (self-promotion) but it's true. & How would you know?

7:10 am psweetman: Now, Alex Savic of Alensa NextWidgets. Has built a series of tools to help customers buy meds etc #health2eu http://twitpic.com/1dserb

7:10 am supergelule: ... and even of Facebook! #health2eu

7:10 am ehealthgr: @DaveNClarke the conference is very good and the correct hashtag is #health2eu check yesterday's twitter archive http://bit.ly/98PP9t

7:11 am sharingstrength: #health2eu @bolyboy uses his fb account to become user of Alex's widget adapted for Facebook.

7:11 am sharingstrength: RT @supergelule: Beautiful & useful: Contextual eCommerce widgets by @alensa... Right on your website! #health2eu

7:11 am ehealthgr: RT @psweetman: Now, Alex Savic of Alensa NextWidgets. Has built a series of tools to help customers buy meds etc #health2eu http://twitpic.com/1dserb

7:11 am Kiwfranc: Pour quel pays ? RT @supergelule: Prévention, calculs de risques et coachs en ligne : l'avvenir du web santé grand public? #health2eu

7:11 am health20Paris: #health2eu Alensa's boutique widgets can also be placed on Facebook

7:12 am health20Paris: #health2eu and 3rd option for Alensa: you can install a widget on your own fanpage

7:12 am sharingstrength: #health2eu @alensa exist ce widget en francais aussi?

7:12 am ChristianFW: alensa also does for facebook, can set up e-commerce on your fan page in facebook #health2eu

7:13 am health20Paris: #health2eu Alensa existe en français bien sûr.

7:13 am adarsh: #health2eu Alensa's nextwidget...now here's a real ad solution for health sites.

7:13 am health20Paris: #health2eu Alensa existiert auf deutsch auch

7:13 am ehealthgr: RT @adarsh: #health2eu Alensa's nextwidget...now here's a real ad solution for health sites.

7:13 am health20Paris: #health2eu Alensa existe en espanol tambien

7:13 am sharingstrength: en Angletterre et les E-U RT @Kiwfranc RT @supergelule: Prévention, calculs de risques et coaches en ligne #health2eu

7:13 am sharingstrength: RT @health20Paris: #health2eu Alensa existiert auf deutsch auch

7:14 am supergelule: Si vous voulez en savoir plus sur les widgets santé Alensa : http://blog.alensa.com/blog #health2eu

7:14 am health20Paris: #health2eu Of course, Alensa is intended only for non-prescription drugs in Europe

7:14 am psweetman: Showing drug-store shopping widget embedded in a FB fan page, eg. OneClickPharmacy in UK embedded in page, earns commission #health2eu

7:14 am xbrochart: #health2eu affiliating a pharmacy on a Facebook profile...

7:14 am SynoHealth: #Health2eu Alensa NextWidgets : Widgets contextuels intégrant un module de transaction implémentable sur Facebook, sites, blogs...

7:14 am supergelule: RT @health20Paris #health2eu Of course, Alensa is intended only for non-prescription drugs in Europe

7:14 am TiphaineMF: #health2eu 1 of our greatest debate : monetizeing is advertising... would lead to a Fbk page & widgets

7:14 am sharingstrength: #health2eu this widget can help health publisher monetize their product/services.

7:14 am health20Paris: #health2eu Alensa pointed out that selling services is more controllable than allowing contextual ads on your site

7:15 am ehealthgr: RT @health20Paris: #health2eu Of course, Alensa is intended only for non-prescription drugs in Europe

7:15 am bluetopaz: Alex Savik, NextWidgets, digs at Healthline for having "sexy shaker" ad that wasn't very contextually relevant to content on pg.! #health2eu

7:15 am psweetman: RT @supergelule: Si vous voulez en savoir plus sur les widgets santé Alensa : http://blog.alensa.com/blog #health2eu

7:15 am sharingstrength: RT @health20Paris: #health2eu Alensa pointed out that selling services is more controllable than allowing contextual ads on your site

7:16 am SynoHealth: RT @SharingStrength #health2eu staff monitors use of tool and will contact user when guidance is required.
7:16 am    health20Paris: #health2eu Alensa : en Europe c'est bien entendu pour des produits hors prescription
7:17 am    health20Paris: @sharingstrength #health2eu nous sommes ravis de lire vos tweets multilingues / enjoying your multilingual tw
7:17 am    sharingstrength: RT @bluetopaz: Alex Savic, NextWidgets, digs at Healthline for its "sexy shaker" ad not contextually relevant to content on pg. #health2eu
7:17 am    health20Paris: #health2eu we've seen 3 ways in which consumers are "doing" things, not just reading info online: prevention and transactions
7:18 am    Berci: Back in action after an exciting Day 1... #health2eu
7:18 am    Kiwfranc: Et en France, où en sommes nous ? Prévention, calculs de risques et coaches en ligne #health2eu
7:18 am    health20Paris: #health2eu we're just getting started with the tools panel. But already audience can c that TOOLS r essential component Health2.0
7:19 am    ANewCLOUD: RT @sharingstrength: #health2eu Alensa widget can help health publisher monetize their sites. CLOUD/ & Web2.0/widgets gets out of silos!
7:19 am    sharingstrength: #health2eu Funktioniert e-commerce auf deutschen gesundheit websites auch?
7:19 am    Zorg20: @A_Schoenmaker is doorgaans de situatie bij zowel industrie als consultant #health2eu
7:19 am    health20Paris: #health2eu congrats 2 r 3 presenters of consumer tools/services
7:19 am    TiphaineMF: #health2eu Europe will take a while to catch up USa online pharma... What do you think ?
7:19 am    supergelue: Le secteur des pharmacies en ligne. Encore trop fragmenté? En France, inexistant. #health2eu
7:19 am    TiphaineMF: RT @sharingstrength: #health2eu Funktioniert e-commerce auf deutschen gesundheit websites auch?
7:20 am    health20Paris: #health2eu Nous verrons qu'il n'y a pas k les USA pour faire de la consultation en ligne : Irlande/UK, Pays Bas.
7:20 am    markhawker: @psweetman O RLY? I thought we were "different" to the US? #health2eu
7:20 am    health20Paris: #health2eu consultation médecin-patient en ligne. segment passionnant
7:21 am    Berci: Next session: 3GDoctor, American Well, IPPZ (virtual doctor-patient consultation) #health2eu
7:21 am    health20Paris: #health2eu Can these tools be self-service or do they need doc guidance asks @bollyboy
7:21 am    sharingstrength: #health2eu Now up "Online care interactions with clinicians."
7:22 am    IPPZ_nl: RT @Berci: Next session: 3GDoctor, American Well, IPPZ (virtual doctor-patient consultation) #health2eu
7:22 am    sharingstrength: #health2eu Now up David Doherty from 3GDoctor @3gdoctor using mobile applications
7:22 am    markhawker: @psweetman Maybe today will be different... If not, someone should really have picked up my comment during preparation! #health2eu
7:22 am    supergelue: 3G Doctor : le docteur qui vous voit! http://www.3gdoctor.com #health2eu
7:22 am    Kiwfranc: RT @health20Paris: #health2eu Nous verrons qu'il n'y a pas k les USA pour faire de la consultation en ligne : Irlande/UK, Pays Bas.
7:23 am    Berci: I use http://3gdoctor.com/ as an example in my Internet in Medicine university course (as well as AmericanWell) med20course.com #health2eu
7:23 am    health20Paris: #health2eu @3gdoctor underlines that mhealth is significantly different from Health2.0.
7:23 am    ChristianFW: 3G doctor: the doctor can see you now. Make video calls to doctors. #health2eu
7:23 am    health20Paris: #health2eu #mhealth is not merely online tools presented on a tiny screen.
7:24 am    sharingstrength: RT @ChristianFW: 3G doctor: the doctor can see you now. Make video calls to doctors. #health2eu
7:24 am    ehealthgr: @doxaras there is a talk right now from 3GDoctor http://3gdoctor.wordpress.com/ & http://www.3gdoctor.com/ #mhealth #health2eu
7:24 am    TiphaineMF: #health2eu # David Doherty, 3G Doctor Ireland on stage presenting www.3gdoctor.com/ - what information would u like to share to your doctor?
7:24 am    sharingstrength: #health2eu Don't give pts just a blank page. They don't know if they shd write 3 words/lines/paragraphs. Use questionnaire.
Berci: 1: payment 2: questionnaire 3: video consultation on 3gdoctor.com 2: #health2eu

ehealthgr: RT @ChristianFW: 3G doctor: the doctor can see you now. Make video calls to doctors. #health2eu

sharthingstrength: #health2eu Doc reviews pt info, does their research and then gives pt a call

erikdigiredo: #health2eu 3G Doctor is consultation via mobile. For GBP 35 you get a consult. Would be interested to know the number of users.

bodyspacesoc: follow today / aujourd'hui suivez Health 2.0 ! Paris 2010 #health2eu << passionnant

paulgrant: 3GDoctor makes point that #mHealth is not just a 'thing about mobile', but about new form of mass media - as TV was to telephone #health2eu

psweetman: 3G Doctor Direct access to doctor via mobile phone for fixed upfront fee, after initial medical history questionnaire on phone #health2eu

newstream: @TiphaineMF, @sharthingstrength #health2eu Bin beeindruckt von Euren deutschsprachigen Tweets! Danke fürs Multi-linguale posten!

sharthingstrength: #health2eu #mhealth will not replace clinicians will not as ATMs replaced bank tellers.

health20Paris: #health2eu 3GDoctor.com David Doherty. He was interviewed here. C slideshow.audio webinar @bit.ly/bJazXL

gaborgy: RT @sharthingstrength #health2eu Don't give pts just a blank page. They don't know they shd write 3 words/lines/paragraphs. Use questionnaire.

erikdigiredo: #health2eu We now see a tiny doctor in a mobile screen...

Berci: @erikdigiredo According to Alexa.com, it has less traffic than americanwell.com or scienccroll.com #health2eu

health20Paris: #health2eu 3GDoctor.com désolée pour l'accent irlandais et la rapidité de son discours. ns voyons discours médecin sur mobile

SynoHealth: #Health2eu David Doherty présente 3G Doctor un service de consultation visio via téléphones 5g. Paiement à la consultation (35 livres)

sharingstrength: #health2eu David Doherty, 3G Doctor Ireland http://bit.ly/9yaMPG souligne que mobile health n'est pas la meme chose que Health2.0 en ligne.

fision: #health2eu 3G Doctor is only for the private market? Who is it intended for?

Berci: American Well provides video consultation on Hawaii.. #health2eu

ChristianFW: Curious to hear how many people use 3G doctor. #health2eu

TiphaineMF: After the session, continue the #health2eu discussion following @fsgoldstein @American_Well & many more... (pseudos wanted)

health20Paris: #health2eu AmericanWell.com is the best known of doctor/patient consultations online. Business model is insurers

health20Paris: #health2eu AmericanWell says Europe is ahead of US in certain mobile technologies (agreed?)

7:40 am  health2Paris:  #health2eu americanwell cible le coeur de la santé - l’entreprise aux technologies mobiles RT @paulgrant: #mHealth is not just a 'thing about mobile', but about new form of mass media - as TV was to telephone #health2eu

7:40 am  JohnPerkins:  #health2eu think how many more patients doctors could see if half of their consultations were virtual

7:41 am  health2Paris:  #health2eu #health20fr IPPZ pays bas montre qu’en psy, la consultation non-simultanée fonctionne très bien aussi

7:41 am  RonanDenoual:  2 approches dans la relation patient/praticien en ligne : synchrones ou asynchrones #health2eu #health20fr

7:41 am  sharingstrength: #health2eu Asynchronous tools allows both pt and clinicians to work on own time.

7:41 am  health2Paris:  #health2eu IPPZ shows that in psych consults, asynchronous works well with physician to patient assignments
Transcript for #health2eu - What the Hashtag?!

7:41 am BlueLightLLP: RT @EngagementStrat: RT @paulgrant: 3GDoctor: mHealth is not just a 'thing about mobile', but about new form of mass media - as TV was to telephone #health2eu

7:41 am health20Paris: #health2eu someone has 2 pay 4 the consultation. In US, the insurors r paying for it

7:41 am markhawker: @psweetman Like an advertisement, eh? They only have 30 seconds. #health2eu

7:42 am health20Paris: #health2eu #health20fr qq'un doit payer pour la consultation. Aux US, ce sont les assureurs

7:42 am sharingstrength: #health2eu important that physicians need to know all pt data to interact effectively. How to pay for this?

7:42 am health20Paris: #health2eu the physician must have access 2 the patient file to do a good job

7:42 am fusion: #health2eu love all the comments assuming American Well crashed IE. Not right picking on a site when the fault is a buggy browser

7:42 am bluetopaz: Roy Schoenberg "If a doctor doesn't have your data, it's like a blind date, might work, might not" #health2eu

7:42 am sharingstrength: #health2eu Insurance companies is the business model for American Well.

7:42 am TiphaineMF: #health2eu Trust ist keyword of healthcare. Must be the same on the web

7:43 am health20Paris: #health2eu #health20fr le médecin doit voir dossier patient pour bien faire son travail (si seulement c'était vrai ds vraie vie)

7:43 am supergelule: ? All you need is doc... #health2eu

7:43 am ehealthgr: RT @bluetopaz Roy Schoenberg "If a doctor doesn't have your data, it's like a blind date, might work, might not" #health2eu

7:43 am health20Paris: #health2eu #health20fr grâce à ces outils, le médecin voit le dossier patient ds son ensemble.

7:44 am health20Paris: #health2eu 3GDoctor points out that with NHSDirect the nurse answering patient not see patient record

7:44 am sammielw: Are there any summaries of yesterdays meeting? #health2eu thxs! :D

7:44 am health20Paris: #health2eu 3GDoctor signale k NHSDirect, infirmiere pas accès dossier patient lorsqu'elle répond par téléphone

7:44 am sharingstrength: #health2eu In UK NHS is paying for things, but according to Doherty money is being wasted.

7:44 am RonanDenoual: NHS : même pb qu'en france dans la continuité des soins #health2eu #health20fr

7:44 am TiphaineMF: RT @ehealthgr: RT @bluetopaz Roy Schoenberg "If a doctor doesn't have your data, it's like a blind date, might work, might not" #health2eu

7:45 am health20Paris: #health2eu 3GDoctor 35 £ charge is accepted by patients

7:45 am health20Paris: #health2eu 3GDoctor 35£ supporté par patient

7:45 am sharingstrength: #health2eu 35£ is the cost of an interaction/account? for 3gdoctor paid by consumer.

7:45 am RonanDenoual: So simple as IRL ! RT @supergelule: ? All you need is doc... #health2eu

7:45 am sharingstrength: RT @health20Paris: #health2eu 3GDoctor 35 £ charge is accepted by patients

7:46 am health20Paris: #health2eu Q. from audience is physical contact, malpractice

7:46 am ehealthgr: how you overcome physical contact with the patient & malpractice virtually? Question from the audience #health2eu

7:46 am sharingstrength: #health2eu q from audience about lack of physical interaction. How do mhealth and health2.0 interactions overcome this?

7:47 am health20Paris: #health2eu Patients r more committed than in real life, on IPPZ

7:47 am health20Paris: #health2eu #health20fr patients plus engagés que vraie vie pour IPPZ (psych)

7:47 am psweetman: @markhawker Yes, difficult for people to translate when speakers trying to give a 10min talk in 3mins #health2eu

7:47 am TiphaineMF: @sammielw #health2eu no summaries for the moment but transcript on http://ow.ly/1vs4I

7:47 am sharingstrength: #health2eu For mental health, internet provides an extra layer of anonymity which is appealing for pts, but security must be a priority.

7:47 am health20Paris: #health2eu outcomes hard 2 measure, but patients feel better (IPPZ)
Kiowfranc: RT @supergelule: Finalement, de quoi le patient a-t-il besoin, même sur le web? Parler à un médecin. #health2eu

health2Paris: #health2eu AmericanWell can tell patient if feel phys exam also necessary

sharingstrength: #health2eu AmericanWell insures physician for malpractice

sharingstrength: #health2eu Roy says it is the doc choice whether to choose an in-person visit over online interaction.

health2Paris: #health2eu AmericanWell assure entièrement médecin pour malpractice

supergelule: Consultation en ligne et contact physique médecin/patient : voilà la limite. #health2eu

sharingstrength: RT @supergelule: Finalement, de quoi le patient a-t-il besoin, même sur le web? Parler à un médecin. #health2eu

Kiowfranc: RT @emilisobar: #health2eu sante en self service mais jamais sans mon doc

sharingstrength: RT @health2Paris: #health2eu AmericanWell assure entièrement médecin pour malpractice

TiphaineMF: #health2eu last decision comes to the physician : do they need physical contact ? how can they interact with patient ? Tools just helping

health2Paris: #health2eu my opinion: the visit to dr's office is much less often needed than currently practiced

RonanDenoual: AllG a souhaité couvrir les praticiens qui pratiquent online : veut dire que la pratique est plus efficiente ? #health2eu #health20fr

ValerieRAVERY: :D RT @SharingStrength #health2eu American Well Roy Schoenberg has a lovely voice.

Kiowfranc: RT @supergelule: Consultation en ligne et contact physique médecin/patient : voilà la limite. #health2eu

Berci: Microsoft Healthvault, Google Health are on stage #health2eu

GirodMedical: RT @health2Paris: #health2eu AmericanWell can tell patient if feel phys exam also necessary

sharingstrength: #health2eu Prochaine session outils pour utiliser data.

TiphaineMF: 2nd session of Tools panels : "the emerging data utility layer" #health2eu

Kiowfranc: RT @health2Paris: #health2eu #health20fr le médecin doit voir dossier patient pour bien faire son travail (si seulement c'était vrai ds vraie vie)

sharingstrength: #health2eu Next session: Tools using the emerging data utility layer.

sharingstrength: #health2eu Personalized health record as a term no longer being used.

health2Paris: #health2eu personal health record segment (even if called "data utility layer"

RonanDenoual: RT @Berci: Microsoft Healthvault, Google Health are on stage #health2eu #health20fr

sharingstrength: #health2eu Patients Know Best presented by Mohammad Al-Ubaydli

ehealthgr: i agree RT @health2Paris #health2eu my opinion: the visit to dr's office is much less often needed than currently practiced

Berci: Patientsknowbest.com is first, personal health records #health2eu

health2Paris: #health2eu bupa supported patientsknowbest.com

TiphaineMF: #health2eu Patients know best. Ok, c'est la base du savoir collaboratif, mais le nom du site prête déjà à polémique

health2Paris: #health2eu patientsknowbest explaining how introduced features 1 by 1 so as to gain acceptance HC profs

sharingstrength: RT @health2Paris: #health2eu bupa supported patientsknowbest.com

nhsdirect: @psweetman Thank you Pauline. #health2eu

supergelule: Patientsknowbest.com J'adore ce nom de domaine.... #health2eu

sharingstrength: RT @ehealthgr: i agree RT @health2Paris #health2eu my opinion: visit to dr's office is much less often needed than currently practiced

Berci: What do patients know best? I missed the point. #health2eu

Gaby_NovoViva: RT @supergelule: Consultation en ligne et contact physique médecin/patient : voilà la limite. #health2eu
7:56 am TiphaineMF: Are you following our livestream ? RT @nhsdirect: @psweetman Thank you Pauline. #health2eu

7:56 am sharingstrength: #health2eu Patients Know Best. nice simple interface design.

7:57 am supergelule: Tiens... Où en est-on du DMP? #health2eu

7:57 am sharingstrength: #health2eu Now up Roni Zeiger from Google Health

7:57 am aallende: Google, Microsoft and patients know best on stage #Health2eu

8:16 am health20Paris: #health2eu SBZ brings serious reduction preventable complications

8:17 am bluetopaz: Netherlands rocks 2 demos on Tools panel, IPPZ and now SBZ - iphone app + database coordinating home care anticoagulant mgmt. #health2eu

8:17 am sharingstrength: RT @health20Paris: #health2eu SBZ brings serious reduction preventable complications

8:17 am montgelas: now the 5th PHR site with standard tools. too much praesentations not enough discussion #health2eu

8:17 am sharingstrength: RT @ValerieRAVERY: DMP déjà difficile a implanter en France, concepts concurrents stimulants mais risqués #health2eu

8:17 am chrisangele: Google vs. Microsoft - in Europe MS seems to have an edge with its platform Health Vault - Google: "Usage is in the few %" #health2eu

8:18 am 3gdoctor: RT @urigoren: 3G doctor is so cool!!...#health2eu

8:18 am TiphaineMF: #health2eu was existiert in deutschland als "persönliche Gesundheitsbuch online" ? (oder in Öster, obwohl ich sein Ges.system weniger kenne)

8:18 am pourkwa: On France le DMP sera le consensus ... RT @health20Paris: #health2eu tant d'interfaces pour la même chose pourquoi... http://bit.ly/b3D4uM

8:18 am sharingstrength: Here's the time savings via @health20Paris: #health2eu SBZ we save 4 hrs every month, replacing visit to clinic re anti-coagulant

8:18 am pourkwa: C'est tellement vrai... @health20Paris #health2eu tant d'interfaces pour la même chose (dossier en ligne) pourquoi... http://bit.ly/cYX75b

8:18 am Berci: Let's launch a movement: PHW "Paris Hates Wifi..." #health2eu

8:18 am health20Paris: #health2eu SBZ self-management + task delegation + decision support -> ideal healthcare model

8:18 am 3gdoctor: RT @TiphaineMF: 3G Doctors #health2eu : take your doctor with you

8:18 am health20Paris: #health2eu SBZ self-mgmt will now go to cholesterol, diab, hbp & others

8:19 am 3gdoctor: RT @ChristianFW: 3G doctor: the doctor can see you now. Make video calls to doctors. #health2eu

8:19 am RonanDenoual: @ValerieRAVERY Je vois mal un MS Healthvault ou un Google Health prendre racine en Fr car approche top down du gvt attendue #health2eu

8:19 am TiphaineMF: @Berci #health2eu please do not leave the conference hating france !

8:19 am sharingstrength: #health2eu Q from @boltyboy is this about data management or online interaction? Answer: Both
SharingStrength: #health2eu It starts with the pt but no effective interaction possible without support of pt's data.

TheRealDanSfera: RT @ehealthgr: @epatientGR check this RT @Berci Call Your Doctor Online:The Future of Medicine? http://bit.ly/vrU5z #health2eu

SharingStrength: RT @health20Paris: #health2eu health insurance companies contract with & reimburse the tool.

supergelule: On hésite à faire scanner les bibliothèques par Google. Les données de santé, c'est pas demain. #health2eu

montgelas: interesting Q would be where is the value prop. to get users registered & actively manage their health with a PHR #health2eu

health20Paris: #health2eu Mon avis: MS, Google, si cela avait été lancé par MayoClinic je dis k c'eût été acceptable en Fr. Pb marque MS,G

RPsante: Hello #health2eu suis venu écouter Isabelle adenot avant la table ronde les coulisses de l'e-santé a 13h

carlosrizo: @montgelas Health2 SF and Boston had lots of discussions. I wonder why #health2eu seems/si is packed with presentations.

health20Paris: #health2eu je me réjouis table ronde @rpsante 13h #health20fr

health20Paris: Order of pharmacists is installing its secure application to see dossier pharmaceutique. Crossing fingers

sharingstrength: #health2eu I'm fading. Is it almost time for a break?

Paladella: RT @fision: #health2eu interesting to see how Microsoft & google are looking at providing electronic patient tools rather than national health providers

supergelule: The moderator is brilliant... #health2eu

Berci: Back at 11:30 (CET) with keynotes about governements' role in health 2.0 #health2eu

TiphaineMF: #health2eu real question is about licenses to collect personal datas & national legislations... Which in Europe poses a problem

supergelule: RT @health20Paris #health2eu Order of pharmacists is installing its secure application to see dossier pharmaceutique. Crossing fingers

sharingstrength: I wd like more Q&A RT @carlosrizo: @montgelas Health2 SF & Boston lots of discussions. wonder why #health2eu is packed with presentations.

health20Paris: #health2eu Pharmacists have created 6 million patient files of all prescription drugs on record for patient

newstream: @TiphaineMF In Austria there is a governmental lead initiative called "ELGA" - Electr. health file following a Europ. initiative #health2eu

RPsante: @supergelule Il y a quand même le dossier pharmaceutique #health2eu the pharmaceutical register in english?

supergelule: France: 60% of pharmacy have the patients files system, 18 months after launch. #health2eu

sharingstrength: #health2eu Data alone is useless. Healthcare needs conversations.

health20Paris: #health2eu reason 4 many presentations is desire 2 demonstrate all that is really happening

urigoren: RT @SharingStrength: #health2eu sBZ demonstrating how they simulate a pt/doc interaction. Claims they save 4 hours/month. Not sure for whom

onpharma: RT @montgelas: now the 5th PHR site with standard tools, too much presentations not enough discussion #health2eu

psweetman: RT @sharingstrength: I wd like more Q&A RT @carlosrizo: @montgelas Health2 SF & Boston lots of discussions. wonder why #health2eu is packed with presentations.

health20Paris: which is why I invited Mme A. RT @supergelule: France: 60% of pharmacy have the patients files system, 18 months after launch. #health2eu

andrewspong: RT @sharingstrength: #health2eu Data alone is useless. Healthcare needs conversations.

BMJ_Group: RT @Berci: Doc2doc.bmj.com is on stage... #health2eu

RonanDenoual: RT @supergelule: France: 60% of pharmacy have the patients files system, 18 months after launch. #health2eu #health20fr

urigoren: @SharingStrength your doing gr8 work hold on. #health2eu
8:28 am TiphaineMF: @newstream #health2eu interessant. Is it patient oriented ? concerning pharmacists or doctors ? (or both) 

8:28 am sharingstrength: @carlosrizo @health20Paris says #health2eu reason 4 many presentations is desire 2 demonstrate all that is really happening

8:28 am SynoHealth: #Health2eu Google says "conversation is more important than data"

8:28 am andrewspong: RT @sharingstrength: @carlosrizo @health20Paris says #health2eu reason 4 many presentations is desire 2 demonstrate all that is really happening

8:28 am sharingstrength: Thanks for the encouragement RT @urigoren: @SharingStrength your doing gr8 work hold on. #health2eu

8:29 am montgelas: will come 2 US #health2eu RT: @carlosrizo @montgelas SF and Boston had lots of discussions, wonder why here is packed with presentations.

8:29 am Goetz: RT @SynoHealth #Health2eu Google says "conversation is more important than data"

8:29 am carlosrizo: @sharemyidea RT @andrewspong: RT @sharingstrength: #health2eu Data alone is useless. Healthcare needs conversations.

8:30 am ShareMyIdea: #health2eu carlosrizo: RT @andrewspong: RT @sharingstrength: #health2eu Data alone is useless. Healthcare needs conversations.

8:30 am RPSante: Au 22 mars 7 210 840 Dossiers pharmaceutiques ouverts exactement #health2eu

8:30 am bupa_intl: Ron Zeiger from Google Health speaking at #health2eu conf: "Data on its own is useless. It's all about conversations."

8:30 am supergelule: Dossier pharmaceutique : it's time for frenchie! #health2eu

8:30 am montgelas: Interesting point RT: @Goetz RT @SynoHealth #Health2eu Google says "conversation is more important than data"

8:31 am ehealthgr: RT @bupa_intl: Ron Zeiger from Google Health speaking at #health2eu conf: "Data on its own is useless. It's all about conversations."

8:31 am sharingstrength: @carlosrizo #health2eu is handling the language well. I'm gathering interesting ideas for Cdn health info delivery online.

8:31 am TiphaineMF: #health2eu le nombril français, excelente excuse à notre mauvaise maîtrise des langues étrangères. 2.0 & sit francophone, est-ce compatible?

8:32 am supergelule: Dossier pharmaceutique : "fermé comme un oeuf". #health2eu

8:32 am TiphaineMF: #health2eu #health20fr le DP est "fermé comme un oeuf." OUI, nous voilà rassurés.

8:32 am sharingstrength: #health2eu maintaining Isabelle Adenot French National Order of Pharmacists

8:32 am health20Paris: #health2eu adenot presenting dossier pharmaceutique created with approval patient.

8:32 am RonanDenoual: Dossier patient en pharmacie : 4 derniers mois de traitements (seulement ?) #health2eu #health20fr

8:32 am TiphaineMF: #health20fr Vive la carte vitale !! ;) #health2eu

8:33 am health20Paris: #health2eu dossier pharmaceutique shows 4 months worth of data. She didn't say why. Answer is CNIL ruling (privacy/confidentiality)

8:33 am RonanDenoual: Les pharmaciens ont obligation de proposer la création du dossier : le patient peut refuser #health2eu #health20fr

8:33 am health20Paris: #health2eu #health20fr 30k patients open file each day

8:33 am RonanDenoual: Plus de 7 500 000 dossiers (+ 30 000 / jour) #health2eu #health20fr

8:33 am supergelule: 7,5 millions de français ont un DP. #health2eu

8:33 am psweetman: French National Order of Pharmacists have patients med record, 14k pharmacists joined, 30k patients open a record each day #health2eu

8:33 am TiphaineMF: #health2eu discussion is going french, can you follow it ? Do you need us to tweet back in english ?

8:34 am sharingstrength: RT @RonanDenoual: Les pharmaciens ont obligation de proposer la création du dossier : le patient peut refuser #health2eu #health20fr

8:34 am ehealthgr: RT @health20Paris: #health2eu #health20fr 30k patients open file each day

8:34 am health20Paris: #health2eu #health20fr pharmacists file being seen. This is NEVER seen by anyone outside pharmacy. So grande première

8:34 am RonanDenoual: Interface moins sexy que Google Health ou MS ..... #health2eu #health20fr
8:34 am  TiphaineMF: #health2eu n'a t on pas droit au petit film de présentation présenté par @supergelule précédemment ?

8:34 am  health20Paris: #health2eu #health20fr the file reads the patients electronic card

8:35 am  sharingstrength: #health2eu We are seeing a new pharmacist's tool as yet never presented to the public. 

8:35 am  supergelule: Paracétamol Biogaran pour la démo du Dossier Pharmaceutique. #health2eu

8:35 am  psweetman: The record is held by pharmacist, record of scripts patient details etc (similar to what many UK pharmacists doing) #health2eu

8:35 am  health20Paris: #health2eu #health20fr the patient has received paracetamol. Doesn't find the file. asks if one can b created.

8:35 am  TiphaineMF: RT @health20Paris: #health2eu #health20fr pharmacists file being seen. This is NEVER seen by anyone outside pharmacy. So grande première

8:35 am  sharingstrength: #health2eu Zuf! tool not working anymore or connection down. Too bad.

9:50 am ValerieRAVERY: Les 2 au moins... RT @TiphaineMF #health2eu la tonalité du discours sent très très fort l'administration française. Sciences Po ? Ena ?

9:50 am simwyck: "La médecine interactive est moins une contrainte qu'une opportunité" HAS #health2eu

9:50 am supergelulie: Caniard : faire encore évoluer les procédures de certifications #health2eu

9:50 am TiphaineMF: #health2eu that's so french touch discourse ! #jaimele2parties2sousparties

9:51 am supergelulie: Caniard : Les outils vont-ils d'adapter aux différents pays ou au contraire harmoniser ces systèmes? #health2eu

9:51 am TiphaineMF: #health2eu #languebois

9:52 am simwyck: What's happening ti the #health2eu feed? No updates?

9:52 am sharingstrength: RT @TiphaineMF: #health2eu We, Authorities, have to keep an eye on 2.0 news & organize the steps further (but you are already too late !)

9:52 am supergelulie: Comment pousser l'Etat français à écouter Health 2.0? #health2eu

9:53 am RonanDenoual: Denise : "faible représentation des acteurs publique dans la salle, comment faire passer les messages ?" #health2eu #health20fr

9:53 am simwyck: LOL ;) //RT @TiphaineMF: #health2eu #languebois

9:53 am Goetz: RT @Peccoux #health2eu #health20fr La HAS se met au diapason du Web 2.0. Une belle évolution pour une institution française.

9:53 am maxhurtrel: RT @RonanDenoual: Caniard à propos du DMP : possibilité de masquage des données chère au DMP me semble dépassée #health2eu #health20fr

9:53 am crazyman: RT @RonanDenoual: Caniard à propos du DMP : possibilité de masquage des données chère au DMP me semble dépassée #health2eu #health20fr

9:54 am simwyck: #health2eu HAS > concrètement, pas de recommandations claires

9:54 am sharingstrength: :-) RT @engagementsstrat: Languages! Was just getting by in French and then @TiphaineMF starts speaking German to @SharingStrength #health2eu

9:54 am p_ameline: Caniard (with HAS) regretting that too few French apps exist. Maybe state regulation (as the single enabled operator) killed us #health2eu

9:54 am sharingstrength: RT @simwyck: #health2eu HAS > concrètement, pas de recommandations claires

9:55 am doc2doc: Patients looking up their illnesses on the internet http://tinyurl.com/yjh2d7s #health2eu

9:55 am TiphaineMF: #health2eu #health20fr E Caniard tente de nous flatter. "La france est en retard mais il y a de nombreux acteur importants à connaître"

9:55 am Goetz: Encourageant discours d'etienne caniard (HAS) : "le pouvoir public doit avoir moins un rôle d'operateur que de regulateur" #health2eu

9:55 am S_Mueller: Muss echt mal wieder mein französisch auffrischen. Alles spricht englisch nur die franzosen nicht... #health2eu

9:55 am Goetz: RT @simwyck "La médecine interactive est moins une contrainte qu'une opportunité" HAS #health2eu

9:56 am ValerieRAVERY: Etienne Caniard (HAS) : "la France a un petit retard cultuel" :) #health2eu #health20fr

9:56 am Kiwfranc: RT @simwyck: #health2eu A force de vouloir avoir un DMP parfait, il risque de ne pas voir le jour...

9:57 am Kiwfranc: RT @TiphaineMF: #health2eu HAS 1 mission : certification of hc websites > collaboration positive with HON but difficulties with collaboratives websites

9:57 am sharingstrength: #health2eu How does health 2.0 fit into national strategies of Europe? Speakers from France, Holland and Denmark.

9:58 am ehealthgr: RT @sharingstrength: #health2eu How does health 2.0 fit into national strategies of Europe? Speakers from France, Holland and Denmark.

9:58 am Peccoux: @formapsy #health2eu #health20fr Denise Silbert et Etienne Caniard l'ont faut très justement remarqué. La France est en retard...

9:59 am simwyck: Holland health authorities want the HC providers & patients to engage w/ each other in the SM #health2eu
9:59 am sharingstrength: RT @TiphaineMF: #health2eu HAS 1 mission: certification of hc websites > collaboration good with HON but difficult w/ collaborative websites

9:59 am S_Mueller: It gets complicated :-) #health2eu http://tweetphoto.com/17484160

10:00 am p_ameline: Vos: Second players to the field: Healthcare providers... Patients are first and he displayed “The Wisdom of Crowds” cover page #health2eu

10:01 am twicker_net_fr: Trending topics: 1. #surcouf 2. #emploi 3. #ipad 4. #lyon 5. #health2eu http://fr.twicker.net/top10.html #trendingtopics

10:01 am simwyck: Some insurers in Holland reimburse the cost of use of SM #health2eu

10:02 am sharingstrength: #health2eu I understand too little about French hc to tweet intelligibly abt presentation. Fellow twitterers seem to imply France is behind.

10:02 am ValerieRAVERY: HAS hollandaise : approche consumer et un PPT avec des photos en couleurs ! Pas de retard culturel chez eux #health2eu #health2fr

10:02 am sharingstrength: RT @simwyck: Some insurers in Holland reimburse the cost of use of SM #health2eu

10:03 am simwyck: Wow, we even have the photos!!/RT @S_Mueller: It gets complicated :-) #health2eu http://tweetphoto.com/17484160

10:03 am RonanDenoual: RT @simwyck: Some insurers in Holland reimburse the cost of use of SM #health2eu #health2fr

10:03 am p_ameline: Vos: Comprehensive care vs Single disease management, Address digital divide, Patient at steering wheel #health2eu

10:03 am TiphaineMF: Administration on stage. #health2eu twitter feed became mute. Why ?

10:03 am ValerieRAVERY: @Peccoux c vrai mais quid des barrières a l'entrée ? (pas seulement culturelles) #health2eu #health2fr

10:04 am psweetman: Vos: good talk about jigsaw pieces needed to change fr traditional model of hc to more patient empowerment. Pub Health v engaged #health2eu

10:05 am TiphaineMF: But we are not yet on Twitter Homepage! RT @urigoren: RT @SharingStrength Trending topics: 1. #health2eu 4. #health2fr

10:05 am simwyck: Now Sundhed from Danemark. Insurers are part of the SM trilogy (w/ patients & HCP) #health2eu #health2fr

10:06 am psweetman: Netherlands Public Health seem really to be embracing Health 2.0 and planning for & facilitating change. #health2eu

10:06 am sharingstrength: RT @ValerieRAVERY: @Peccoux c vrai mais quid des barrières a l'entrée ? (pas seulement culturelles) #health2eu #health2fr

10:07 am p_ameline: Pieter Vos: report will be available at www.rvz.net #health2eu

10:08 am sharingstrength: #health2eu Now up Morten Petersen from Denmark leading in adoption of Health 2.0 hc delivery

10:08 am CLOUDHealth: Pieter Vos at #health2eu states that patient w/ 2 diseases needs to break down web silos for their care. CLOUD View: http://bit.ly/d0ncCqJ

10:08 am ANewCLOUD: Pieter Vos at #health2eu states that patient w/ 2 diseases needs to break down web silos for their care. CLOUD View: http://bit.ly/d0ncCqJ

10:08 am sharingstrength: RT @p_ameline: Pieter Vos: report will be available at www.rvz.net #health2eu

10:09 am TiphaineMF: #health2eu Health 20 technologies : you need to see their interest to use them (point of research & tool panels) 1/1

10:09 am p_ameline: By the way, why isn't a real time display of twitter feeds on stage? #health2eu

10:09 am TiphaineMF: #health2eu 2/2 And insurance companies have to accompany us in this discover in order to take care of our health

10:10 am RonanDenoual: Presentation sundhed.dk : the danish health care portal #health2eu #health2fr

10:10 am sharingstrength: #health2eu In Denmark 85% is finnanced by taxes.

10:10 am TiphaineMF: RT @A_Schoenmaker @TiphaineMF quite a contrast to the elevator pitches earlier this morning #health2eu

10:11 am sharingstrength: #health2eu That should have been 85% of hc costs is paid by taxes in Denmark

10:11 am RonanDenoual: DMP au Danemark : 1992 #health2eu #health2fr
Transcript for #health2eu - What the Hashtag?!

10:11 am TiphaineMF: #health2eu Or why insurance companies can finance Health2.0 innovations & projects

10:11 am SusannahFox: Dutch and Danes just *are* 2.0 (reminds me of 1st time I heard @tedeytan talk) #health2eu #walkthewalk

10:11 am ehealthgr: The Danish National ehealth portal http://ow.ly/1vtZI /pioneers in ehealth so far. They started from 80's! #health2eu

10:11 am psweetman: Denmark now, Morten Petersen, CEO of Danish National eHealth Portal #health2eu http://twitpic.com/1dt1uo http://twitpic.com/1dt1ud

10:12 am sharingstrength: RT @ehealthgr: The Danish National ehealth portal http://ow.ly/1vtZI /pioneers in ehealth so far. They started from 80's! #health2eu

10:12 am sharingstrength: RT @SusannahFox: Dutch and Danes just *are* 2.0 (reminds me of 1st time I heard @tedeytan talk) #health2eu #walkthewalk

10:13 am TiphaineMF: #health2eu Watching live screen? You can also comment on http://ow.ly/1vu12 : updated Health 20 Facebook fan page

10:13 am RonanDenoual: Patientslikeme-like inside sundhed.dk #health2eu #health20fr

10:13 am DigNeurosurgeon: Patients looking up their illnesses on the internet http://tinyurl.com/yjh2d7s #health2eu (via @doc2doc)

10:14 am supergelule: But we are not yet on Twitter Homepage! RT @urigoren: RT @SharingStrength Trending topics: 1. #health2eu 4. #health20fr (via @TiphaineMF)

10:14 am S_Meuler: RT @p_ameline: By the way, why isn't it a real time display of twitter feeds on stage? #health2eu

10:14 am simwyck: Sundhed.dk seems to be very much patients oriented. What about the HCP then? #health2eu #health20fr

10:14 am sharingstrength: #health2eu Danish portal combines clinical and peer support, including smileys

10:14 am ValerieRAVERY: La solution pour l'ASIP santé (ex DMP) : copier le portail e-santé danois. Tout est fait ! #health2eu #health20fr

10:15 am TiphaineMF: #health2eu RV 13H au panel influence & coulisses de l'e-sante à 13h avec @RPsaute @supergelule @AlainClergeot @santelog

10:15 am RonanDenoual: sundhed.dk : trough directory of names, comparison of prices, quality and accessibility #health2eu #health20fr

10:15 am CompleteDigital: RT @sharingstrength: #health2eu Data alone is useless. Healthcare needs conversations.

10:15 am simwyck: What happens to the Wifi at the Cité universitaire? very slow! #health2eu #health20fr

10:16 am sharingstrength: #health2eu e-services include lab data, med records, chrancne library, preventive med, ehr, waiting list info, contact info and more.

10:16 am TiphaineMF: #health2eu Dichotomie between citizens & patients?

10:17 am simwyck: RT @zetog: en direct de health 2.0 paris ... seule intervention sans support: l'autorité française ... ya du taf #health2eu #health20fr

10:17 am RonanDenoual: Un vrai pilote en tout cas ! RT @ValerieRAVERY: La solution pour l'ASIP santé : copier le portail danois. #health2eu #health20fr

10:17 am simwyck: @SharingStrength It seems that it's just my #health2eu feed ???

10:18 am sharingstrength: #health2eu Pt adoption from 2003 to 2010 increased from 8000 to over 200,000 unique visitors.

10:19 am SusannahFox: Patient to patient dialogue on sundhed.dk is a "runaway success" whereas use of personalized health info is not #health2eu

10:19 am bollyboy: You want the health care system to "give my own data, damn it"? Move to Denmark #health2eu

10:19 am p_ameline: Danish system: state as single operator... first with Health 1.0 will probably become last since Health 2.0 is about innovation #health2eu

10:19 am A_Schoenmaker: Danish national health portal needs an audience. #health2eu

10:20 am sharingstrength: #health2eu The digital exchange of pt data saves time for both the pts and providers.
DK rep jumps in w his advice: more state, less market (big laugh) # looking to this rather than rebuilding a very expensive wheel? 
Q: how to replicate success of NL program? A: less state, more market 
pays either way - direct or through taxes 
the debate over state vs market makes little sense - in the end the consumer @
@Who wants to tell the UK what they have done wrong? “Less state, more market” system back on track? Ans: More state, less money # system and one source of financing for HC. One system? in EU? 
hcps & patients.
RT @ Back after a PC reboot # histology xray, chat w peers and HCpro’s # come to UMC St Radboud Nijmegen. 12:44 pm supergelule: Sur le site de l'assureur allemand RT @RonanDenoual Les points sont transformés en ? : 2000 points = 20 ? #health20fr #health2eu
12:44 pm EngagementStrat: "The enlightenment of physicians is moving across the globe" -wow u mean it's even reaching Europe? [Pls read wth satirical tone] #health2eu
12:45 pm dawidge: "hello helpdesk" RT @EngagementStrat: #health2eu. One of those technology 'ouch' moments. Where's @gmorris101 when you need him? :)
12:45 pm S_Mueller: Topics and concepts start repeating. Hoping 4 real innovation... #health2eu
12:45 pm TiphaineMF: #health2eu translation : we just work on hospitals. Feedbacks : unattended notes, that comes to behavioural changes
12:45 pm pierreyves: Sur le site de l'assureur allemand RT @RonanDenoual Les points transformés en ? : 2000 pts = 20 ? #health20fr #health2eu /via @supergelule
12:45 pm hyblis: RT @bacigalupe: #health2eu Data alone is useless #Healthcare needs conversations @andrewspong @SharingStrength @DrRemy /+ commitment to equity
12:46 pm SynoHealth: #Health2eu l'iPhone a vraiment la cote ! Très peu sur Androïd, Win mobile et autres plateformes qui représentent une grosse part de marché
12:46 pm bacigalupe: Are presenters at #health2eu describing demographics of connected or e-patients? Or just referring to patients without them? Curious
12:46 pm hyblis: RT @bacigalupe: Brillant... RT @paulgrant NHS is addicted to data, but is not addicted to change, says Paul Hodgkin #health2eu via @andrewspong
12:46 pm RonanDenoual: Le Guide Sante : En france, quand on est premier dans un palmarès on affiche en 4x3 sinon on rejette #health20fr #health2eu
12:47 pm fision: NHS is addicted to data, but is not addicted to change, says Paul Hodgkin #health2eu RT @paulgrant
12:48 pm ePatientDave: @psweetman I wasn't asking about ROI (Danish PHRs) - wondered about anecdotes of health success #health2eu
12:48 pm TiphaineMF: #health2eu schizophrénie des blogueurs : @supergelule @pierreyves même personne ? même tweet... =)
12:50 pm hyblis: #health2eu a challenge that stands out is to solve the problem of conflicts between 'command' health economies & innovation-change
12:50 pm EngagementStrat: Emma Stanton, UK DH at #health2eu compares innovation in Denmark & Sweden with a country as large as the US
12:50 pm paulgrant: UK Dept of Health compares Denmark/NL with the size of the US/UK - cites difficulty of strategic leadership in larger orgs #health2eu
12:51 pm bacigalupe: #health2eu schizophrénie des blogueurs : @supergelule @pierreyves même personne ? même tweet... =) @TiphaineMF hj:o)
12:51 pm PedroLuisGS: RT @EngagementStrat: 1m people use NHS per year. Patientopinion.org.uk has 25,000 comments b& want to increase penetration in UK & globally. #health2eu
12:51 pm health20Paris: #health2eu question of size, fragmentation
12:51 pm pierreyves: Vite mon hasivio ! #health2eu schizophrénie des bloqueurs : @supergelule @pierreyves même personne ? même tweet... =) /via @TiphaineMFP

12:51 pm bupa_int: Data/ratings v conversations/narratives seems to be one of the key themes at the #health2eu conference

12:51 pm health20Paris: #health2eu US patient has to fend for herself unless member of a kaiser or other integrated system

12:52 pm EngagementStrat: Stanton, UK DH: “We should get med students thinking about the globalized healthcare market at an early stage in their training.” #health2eu

12:52 pm health20Paris: #health2eu spare parts from wrong models, definition of US health system by Don Kemper

12:52 pm bacigalupe: Question @PedroLuisGS @EngagementStrat who are the patients participating? Demographics? #health2eu

12:52 pm health20Paris: #health2eu #health20fr France primary care policy much more robust says Don Kemper

12:53 pm health20Paris: #health2eu referring to Sophia program for diabetics offered by national payer CNAM

12:53 pm hyblis: most hospitals, gov health institutions (eg NHS) etc are organized along lines of rational-legal authority & command hierarchies #health2eu

12:53 pm dawidge: #health2eu @engagementstrat is on stage later. Thankfully last night I got some good ammo to pelt him with http://twitpic.com/1do3ev

12:53 pm bacigalupe: #health2eu spare parts from wrong models, definition of US health system by Don Kemper via @health20Paris :-)

12:53 pm health20Paris: #health2eu how portable is patient opinion country to country

12:53 pm TiphaineMFP: #health2eu french vs usa healthcare systeme... that’s a deja-vu comparison with newspaper, seeing these last weeks Obama news..

12:53 pm supergelule: Aux Etats-Unis : un plus grand besoin pour les patients de gérer leurs parcours de soins. #health2eu

12:54 pm hyblis: #health2eu it is here that resistance to change and innovation may be located in abundance

12:54 pm health20Paris: #health2eu how do u get ppl to post a story about a hemorrhoidectomy? Shall I say back end versus back office?

12:54 pm ePatientDave: @health20Paris Patient opinion? You mean med opinions about a pt, or pts' attitudes about things? #health2eu

12:55 pm TiphaineMFP: #health2eu France vs USA : difference is un primary care system....

12:55 pm EngagementStrat: Patientopinion.org.uk: the technology is relatively easy. Engaging patients & health providers is the tough part. #health2eu

12:55 pm bacigalupe: Don't think so @hyblis #health2eu it's just more contradictory the resistance when there is abundance

12:55 pm ePatientDave: @health20Paris Back office, I think. #health2eu

12:56 pm TiphaineMFP: RT @health20Paris: #health2eu referring to Sophia program for diabetics offered by national payer CNAM

12:56 pm PedroLuisGS: RT @EngagementStrat: Patientopinion.org.uk: the technology is relatively easy. Engaging patients & health providers is the tough part. #health2eu

12:56 pm bacigalupe: @EngagementStrat what patients though are we referring to? #health2eu

12:57 pm health20Paris: #health2eu technology easier than getting ppl to post a story

12:57 pm health20Paris: RT @ePatientDave: @health20Paris Back office, I think. #health2eu

12:58 pm bacigalupe: #health2eu @TiphaineMFP it's a truly cultural difference that informs this and much more: U.S. doesn't construe health as a right.

12:58 pm EngagementStrat: About to shut down blackberry before speaking at #health2eu but tweets will continue like magic. Watch this space :)

12:58 pm janicemccallum: RT @EngagementStrat: #health2eu patientopinion.org.uk says NHS is addicted to data but not addicted to change.

12:59 pm bacigalupe: #health2eu technology easier than getting ppl to post a story @health20Paris /true in education too
12:59 pm  bacigalupe:  good luck @EngagementStrat #health2eu
1:00 pm  andrewspong:  :) RT @EngagementStrat: About to shut down blackberry before speaking at #health2eu but tweets will continue like magic. Watch this space :)
1:00 pm  paulgrant:  Emma Stanton mentions the Hawthorne Effect "Anything that you start measuring will inevitably get better" #health2eu
1:01 pm  andrewspong:  @paulgrant Rather: 'anything you start measuring will inevitably seem more important'. But is it? #health2eu
1:01 pm  TiphaineMF:  that's what I call a 2.0 intervention :) RT @EngagementStrat: shut down BB be4 speaking@ #health2eu but tweets will continue like magic.
1:02 pm  bacigalupe:  hey @EngagementStrat if you had an iPhone, you could be streaming your talk... #health2eu
1:03 pm  dawidge:  How would you know? RT @paulgrant: E Stanton mention Hawthorne Effect "Anything that you start measuring inevitably gets better" #health2eu
1:03 pm  Chazbet:  RT @health20Paris #health2eu #health20fr France primary care policy much more robust says Don Kemper of Healthwise
1:03 pm  NessBemient:  Mental Health RT @IPPZ_nl to:@SharingStrength #health2eu agree, mental health needs more representation. It is ... http://bit.ly/a7LBmx
1:03 pm  TiphaineMF:  @EngagementStrat Will you show us your tweeter feed on the screen ? I am dying the #health2eu stream behind speakers....
1:03 pm  bacigalupe:  Rather: 'anything you start measuring will inevitably seem more important'. But is it? #health2eu (@paulgrant @andrewspong)
1:04 pm  paulgrant:  @EngagementStrat The way your BB has been behaving lately, are you sure you can actually turn it off? It has a mind of its own #health2eu
1:05 pm  EngagementStrat:  Speaking at #health2eu re digital engagement strategy in Pfizer's #readalder campaign. I'll share some resources by tweet... #hcsm #hcsmeu

1:55 pm sharingstrength: #health2eu @Film2eHealth I want to meet you too.

1:56 pm TiphaineMF: RT @thibaudguymard: RT @xbrochart: #health2eu Obstacles to digital for pharma in EU? Regulatory, languages, Enterprise 1.0 style, ignorance of SM, other ideas?

1:56 pm sharingstrength: RT @xbrochart: #health2eu Obstacles to digital for pharma in EU? Regulatory, languages, Enterprise 1.0 style, ignorance of SM, other ideas?

1:56 pm ehealthr: RT @sharingstrength: RT @Sumit721: RT @DigitasHealthUK: 39% of #health2eu audience says mkgt & comm will be the most impacted pharma function by Health 2.0!

1:56 pm xbrochart: #health2eu I'm trying to imagine what would be this conference if everybody in the assistance would use an iPad w/ 7hrs power supply...

1:57 pm pierreyves: #health2eu #health20fr doit on attendre que les autorités règ bougent sur SM et pharma ou doit on aller vers un code de conduite pharma ?

1:57 pm aallende: Social Media Pharma regulation code or wait for regulators? #health2eu

1:58 pm sharingstrength: LOL RT @xbrochart: #health2eu trying to imagine what would be this conference if everyone would use an iPad w/ 7hrs power supply...

1:58 pm TiphaineMF: @pierreyves #health2eu #health20fr la pub a été tweetée par Daniel

1:58 pm IPPZ_nl: Dutch government! Guide creating the standards - so patients, professionals, insurance companies, and industry proceed better. #health2eu

1:59 pm xbrochart: @DigitasHealthUK the whole company will be impacted, but change will come from mkgt, comm and HR !!! #health2eu

1:59 pm sharingstrength: #health2eu What listening tools are pharma companies using?

2:00 pm SusannahFox: Q: What happens when pts turn neg abt your drug? A: UCB says they'd rather know than not know #health2eu

2:00 pm sharingstrength: #health2eu Listening can help pharma learn says UCB. Everything is anonymous.

2:00 pm andrewspong: RT @sharingstrength: #health2eu What listening tools are pharma companies using?

2:01 pm sharingstrength: #health2eu New tools are coming out to listen in real time.

2:02 pm jesperbn: Gr8 approach RT @SusannahFox: Q: What happens when pts turn neg abt your drug? A: UCB says they'd rather know than not know #health2eu

2:02 pm twicker_net_fr: Trending topics: 1. #istock10 2. #health2eu 3. #ipad 4. #android 5. #emploi http://fr.twicker.net/top10.html #trendingtopics

2:02 pm xbrochart: @fision counterfeits drugs awareness programs are also a duty for EU authorities #health2eu

2:02 pm sharingstrength: #health2eu @EngagementStrat talks abt passive and active listening.

2:02 pm TiphaineMF: 1% battery - laptop won't go more than the previously decided hour... #health2eu

2:02 pm ValerieRAVERY: No thank RT @xbrochart #health2eu Obstacles to digital engagement for pharma in EU? Regulatory, languages, ignorance of SM, any other ideas?

2:03 pm supergelule: "La visite médicale est-elle morte?" #health2eu
Transcript for #health2eu - What the Hashtag?!

2:03 pm andrewspong: The biggest impediment to pharma's progress is the way it views itself, and its inability to imagine and instantiate change #health2eu

2:03 pm pierreyves: #health2eu #health20fr pharma 2.0 = fin de la VM 'as we know it'?

2:03 pm sharingstrength: RT @SusannahFox: Q: What happens when pts turn neg abt your drug? A: UCB says they'd rather know than not know #health2eu

2:03 pm paulgrant: @engagementstrat explains the difference between 'passive listening' and 'active listening'; citers need for informed engagement #health2eu

2:04 pm aallende: Is Health2.0 going to kill medical reps? #health2eu

2:04 pm sharingstrength: Me too. C u in the pwr rm RT @TiphaineMF: 1% battery - laptop won't go more than the previously decided hour... #health2eu

2:05 pm xbrochart: #health2eu shld use great tools (radian6, sysomos, sm techrigy, synthesio, etc...) and ALSO do great and (pro)active community management

2:05 pm andrewspong: Blogged: what pharma doesn't need: better ways to say "no" http://bit.ly/aCgTsN #hcsmeu #hcs #fdasm #health2eu

2:05 pm sharingstrength: RT @paulgrant @engagementstrat explains diff. between 'passive listening' and 'active listening'; citers need for informed engagmt #health2eu

2:05 pm SusannahFox: Q: How is pharma helping those who are offline? A: Pfizer brings up EU challenge of 23 languages #notquite #health2eu

2:06 pm sharingstrength: RT @andrewspong: The biggest imped. to pharma's progress is way it views itself, & its inability to imagine & instantiate change #health2eu

2:06 pm sharingstrength: RT @andrewspong: Blogged: what pharma doesn't need: better ways to say "no" http://bit.ly/aCgTsN #hcsmeu #hcs #fdasm #health2eu

2:06 pm eurordis: RT @sharingstrength: #health2eu Why do so few pharma sponsored sites not have Governance framework, Editorial policies and other policies that demo transparency?

2:06 pm paulgrant: Important to also have local language participation RT @xbrochart: #health2eu shld use great tools and ALSO do great community management

2:06 pm fision: Is Health2.0 going to kill medical reps? #health2eu via @aallende - the role of the rep will change and not even be sales focussed

2:06 pm ehealthgr: RT @andrewspong: Blogged: what pharma doesn't need: better ways to say "no" http://bit.ly/aCgTsN #hcsmeu #hcs #fdasm #health2eu

2:06 pm xbrochart: #health2eu Nowadays, only listening could be, in some cases, much more insightful than focus group or classic research mktg techniques...

2:06 pm newstream: #health2eu Will medical reps die or will the job just shift? And maybe be complemented by Social Media?

2:07 pm sharingstrength: RT @xbrochart: #health2eu shd use gr8t tools (radian6, sysomos, sm techrigy, synthesio, etc & ALSO do (pro)active community management

2:09 pm ehealthgr: RT @sharingstrength: RT @xbrochart: #health2eu shd use gr8t tools (radian6, sysomos, sm techrigy, synthesio, etc & ALSO do (pro)active community management

2:09 pm helloimranhamid: just joined twitter. hello world! @bolyboy @emmastanton #health2eu

2:09 pm SusannahFox: Favorite part of any conf is when it is admitted a problem was hard to solve - honesty, transparency, learning #health2eu

2:14 pm impressive: What's the answer? RT @newstream: #health2eu Will medical reps die or will the job just shift? And maybe be complemented by Social Media?

2:14 pm SyNoHealth: RT @TiphaineMF #health2eu 39% of audience thinks Marketing & comm will be the most impacted pharma function by health20

2:15 pm healthythinker: RT @sharingstrength: RT @andrewspong: The biggest imped. to pharma's progress is way it views itself & inability to imagine change #health2eu

2:18 pm sharingstrength: RT @SusannahFox: Favorite part of any conf is when it is admitted a problem was hard to solve - honesty, transparency, learning #health2eu

2:19 pm sharingstrength: #health2eu I just met @pierreyves Merci pour me trouver dans la foule.

2:23 pm TiphaineMF: trying to sump up our great twitting day, what would you remember ? Sitting in the power room. #health2eu

2:25 pm psweetman: Akamai presenting now. #health2eu

2:26 pm sharingstrength: #health2eu I promised to share our translation guide with someone. Do you remember who you are? I've forgotten.

2:27 pm TiphaineMF: Transcript of the day is here http://ow.ly/1vzPq - going to be updated ! #health2eu

2:55 pm andrewspong: @paulgrant I should get a sandwich board made up: "Will tweet for food" ;) #health2eu

2:56 pm health20Paris: #health2eu #health20fr tribucancer is for helping patients at a distance
psweetman: .@MeredithGould Glad you could (virtually) join us :) #health2eu

health2Paris: #health2eu #health20fr Laure Bertini 37 public hospitals around Paris in one network

gaborgy: Thank you, Coleen! RT @SharingStrength #health2eu @gaborgy preso of Hungarian portal was great.

health2Paris: #health2eu #health20fr Laure Albertini protects patient rights

andrewspong: @health2Paris Can't believe I missed you off the TYs! <blush> Many thanks to you and @BoltyBoy for making #health2eu happen

health2Paris: #health2eu #health20fr Laure has been militating for patient rights for 15 yrs, for ex in HIV patients to get access 2 info

gaborgy: RT @SusannahFox Favorite part of any conf is when it is admitted a problem was hard to solve - honesty, transparency, learning #health2eu

community_mngr: rt ehealthgr: RT @SharingStrength: RT @xbrochart: #health2eu shd use gr8 tools (radian6, sysomos, sm technig, sy... http://bit.ly/9Vdj31

newstream: Sounds perfect for a donation rally! RT @andrewspong: @paulgrant I should get a sandwich board made up: "Will tweet for food" :) #health2eu

health2Paris: #health2eu #health20fr organizing conference abt access to info for patients (APHP)

emmastanton: RT @EngagementStrat: Emma Stanton, UK DH at #health2eu compares innovation in Denmark & Sweden with a country as large as the US

TiphaineMF: #health2eu Hopital 2.0 possibilities : are those so close to the french APHP ?

health2Paris: #health2eu OECD is a place for countries to learn from one another

emmastanton: RT @EngagementStrat: #health2eu UK dept of health: we should look for 'doctor-preneurs' - docs who innovate.

health2Paris: @andrewspong if you didn't thank me, how about a Freudian slip? #health2eu

sharingstrength: RT @health2Paris: #health2eu OECD is a place for countries to learn from one another

psweetman: RT @andrewspong: Try these: http://bit.ly/9mESW I RT @psweetman; @doctorblogs has said "we need to think about what probs we are trying to solve" #health2eu

pierreyves: wrong #tag désolé ! it's great to meet IRL people you follow on twitter ! @SharingStrength :) #health2eu

dawidge: 'For beer' more like. RT @andrewspong: @paulgrant I should get a sandwich board made up: "Will tweet for food" :) #health2eu

sante2.0: RT @gaborgy Favorite part of any conf is when it is admitted a problem was hard to solve - honesty, transparency, learning #health2eu

EngagementStrat: @emmastanton You too - I loved your views at #health2eu today

TiphaineMF: #health2eu on stage: A Bentley, Bupa @doctorblogs / JL Laporte, TribuCancer / E Ronchi,OECD / L Albertini,APHP: stakeholders represent panel

sante2.0: RT @health2Paris #health2eu Laure has been militating for patient rights for 15 yrs, for ex in HIV patients to get access 2 info

health2Paris: #health2eu France is only country in world to officially recognize certification of websites. HON their certifying body

Asclepieia: @TiphaineMF please tell me more about what was said about that at #health2eu?

supergelulie: La France est-elle le seul pays à avoir un système de certification pour ses sites internet santé? #health2eu

TiphaineMF: RT @gaborgy: RT @SusannahFox Favorite part of any conf is when it is admitted a problem was hard to solve - honesty, transparency, learning #health2eu

psweetman: Nice selection of whiteboards from #hcsmeucamp RT @andrewspong Try these (probs we are trying to solve) http://bit.ly/9mESWI #health2eu

health2Paris: #health2eu @susannahfox & I have discussed certificatlon of sites. In US, ppl not as interested in knowing if sites certified as in Europe

p_ameline: Paradigm shift is just about viewing a system from a more comprehensive perspective. Patients' eyes should guide Health 2.0 #health2eu

health2Paris: RT @health2Paris: #health2eu @susannahfox & I discussed certicaiton sites. In US, ppl not interested in knowing sites certified as Eur
health20Paris: #health2eu tribucancer explaining that immed answers to patients not always necessary

chrisangel: Conf is wrapping up met a lot of great entrepreneurs + innovators and of course made sure imeo is a name for the decision makers #health2eu

sante2_0: #health2eu tribucancer plus encore que d'informations le patient a besoin de contact avec medecins, experts -> radio, thw, Q&A

p_ameline: Is "value for money" the most important issue? A smart navigation during health journey is not just about cost cutting. #health2eu

sharingstrength: RT @TiphaineMF: #health2eu on stage: A Bentley, Bupa @doctorblogs / JL Laporte, TribuCancer / E Ronchi,OECD / L Albertini,APHP

RPsanse: #health2eu last conference http://lyfrog.com/bb9c6bj

paulgrant: Yes, healthcare costs increasing wherever you are. Even bigger challenge for EU countries with low employment = low funds #health2eu

health20Paris: #health2eu APHP likes the new HON tool where doctors can recommend sites

RPsante: HON est mondial RT @supergelule La France est-elle le seul pays à avoir un système de certification pour sites internet santé? #health2eu

TiphaineMF: My #health2eu wrap up: first we need our European Pew Research. Without relevant data we will not see the forest only some trees.

health20Paris: #health2eu #health20fr @gfry says communities of expert patients know more than doctors.

p_ameline: AP-HP couldn't advise for a site "not built here"... worse than "not invented here", the "not understood here" #health2eu

odomewis: RT @gaborgy My #health2eu wrap up: first we need our European Pew Research. W/o relevant data we will not see the forest only some trees.

netshrink: RT @doctorblogs: Whaaaat? Speaker says:"The #WHO estimates that the no. 1 killer in 10 years will be mental health conditions" No??? #health2eu

TiphaineMF: #health2eu would HON code and patient-communities be contradictory ?

sharingstrength: #health2eu Why are many docs in 2010 still resistant to recommend pt communities to pts in need? asks Gilles Frydman

portablegenomic: #health2eu last discussion: HC insurance companies have risk assessment tools in their radar.

health20Paris: APHP #health2eu liked the HON tool which enables physicians to select sites to recommend

sharingstrength: #health2eu discussion heating up. Panelists answers that reco of pt community cannot come from hospital or doc.

supergelule: Oui mais seule une seule une autorité française (la HAS en l'occurrence) a noué un partenariat officiel. #health2eu

TiphaineMF: #health2eu once again, as a public hospital, too much limitation to leave an initiative margin to create a 2.0 tool or even recommend it

sharingstrength: #health2eu She states that she doesn't resist them but cannot recommend pt communities to pts.

RonanDenoual: APHP : "ce n'est pas le rôle d'un établissement de recommander des sites de communautés de patients" #health20fr #health2eu

pierreyes: l'APHP ne déconseille, ni ne recommande les réseaux sociaux au patients #health2eu #health20fr

urigoren: RT @xbrochart: #health2eu Which Pharma functions will be most impacted by Health2.0? Mktg+Comm 39% / the whole company 38%

supergelule: Crédibilité des sites de patients experts remise en cause par les autorités???? #health2eu

SusannahFox: @health20Paris Current dialogue betw @gfry and panel shows HONcode is lightning rod, needs discussion #health2eu

health20Paris: #health2eu patient asso speaking of danger of vulnerable patient c'ing unscreened info. But, BUPA says it's no longer Dr knows best

RonanDenoual: Mais le rôle d'un établissement de soin n'est il pas d'apporter une information de qualité à un patient ? #health20fr #health2eu

sharingstrength: #health2eu How 2 get pt to the best resources and the best communities? This is no longer in the hands of the HCPs

TiphaineMF: #health2eu vrai, le public est expert, mais il ets là pour trouver ensemble des solutions pour élargir l'audience&compréhension de l'e-santé
3:16 pm **TweetingPixie:** RT @bupa_intl Pedro from @sanitas presenting new iPhone app at #health2eu. Interface looking really good - and (cont) http://tl.gd/pajuk

3:16 pm **psweetman:** RT @health20Paris: #health2eu France is only country in world to officially recognize certification of websites. HON their certifying body

3:17 pm **EngagementStrat:** Loving comments from Annabel Bentley @doctorblogs at #health2eu: "Remember what we're looking for here is better health outcomes for patients"

3:17 pm **RonanDenoual:** N'est-ce pas le role d'un etablissement d'orienter vers les "bons" sites? #health20fr #health2eu

3:17 pm **newstream:** #health2eu Panel: Long enough patients have not been part of the process.. This has to change and pat need to get more informed.

3:17 pm **sharingstrength:** #health2eu resistance may be that HCPs are cautious abt recommending the right info at the right time says panelist.

3:18 pm **paulgrant:** Healthcare decisions out of the patient's hands for too long. What is now scarce: linking people to the right info at right time #health2eu

3:18 pm **gaborgy:** My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems and need different solutions.

3:18 pm **SusannahFox:** Dutch MD apologizes on behalf of EU scientific community for lack of participation at #health2eu #evolve

3:18 pm **sante2_0:** #health2eu une scientifique s'excuse pour la très faible présence de scientifiques à Health 2.0

3:19 pm **paulgrant:** Agree! RT @EngagementStrat; Loving comments from Annabel Bentley @doctorblogs at #health2eu

3:19 pm **newstream:** RT @paulgrant; HC decisions out of patient's hands for too long. What is now scarce: link people to the right info at right time #health2eu

3:19 pm **sharingstrength:** I'm happy to welcome so many new followers thanks to #health2eu. Thank you.

3:19 pm **psweetman:** Member of audience: I can't understand why Cochrane database can't be fashioned for patients too #health2eu

3:20 pm **sharingstrength:** RT @SusannahFox; Dutch MD apologizes on behalf of EU scientific community for lack of participation at #health2eu #evolve

3:20 pm **portablegenomic:** @supergelule #health2eu si AHP ne peut recommander des sites communautaires alors ils sont ds le health 0.0 ! Que font ils ici?

3:20 pm **sharingstrength:** RT @paulgrant; Agree! RT @EngagementStrat; Loving comments from Annabel Bentley @doctorblogs at #health2eu

3:20 pm **RonanDenoual:** Dans la salle: "J'espère qu'à la prochaine conf il y aura des scientifiques" -> vrai il faut les impliquer #health20fr #health2eu

3:21 pm **TiphaineMF:** RT @gaborgy; My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems and need different solutions.

3:21 pm **psweetman:** Same here! RT @SharingStrength I'm happy to welcome so many new followers thanks to #health2eu. Thank you.

3:22 pm **SusannahFox:** MD calls for more study of "outcomes" in Health 2.0, describes randomized trial of website use in NL #health2eu

3:22 pm **sante2_0:** #health2eu la peur des institutions françaises se cristallise autour de la qualité des infos sur les sites (HON vs. communautés de patients)

3:22 pm **sharingstrength:** RT @RonanDenoual; Dans la salle: "J'espère qu'à la prochaine conf il y aura des scientifiques" vrai il faut les impliquer #health2eu

3:23 pm **sharingstrength:** RT @SusannahFox; MD calls for more study of "outcomes" in Health 2.0, describes randomized trial of website use in NL #health2eu

3:23 pm **sjw70:** #health2eu H2.0 wrapping up, fascinating two days - in 2 years sooo much of current partial solutions will have integrated/connected

3:23 pm **ValerieRAVERY:** Ron d'un médecin hollandais : les scientifiques doivent s'intéresser de + près a la santé 2.0 et son impact sur les patients #health2eu

3:23 pm **supergelule:** RT @sante2_0 #health2eu la peur des institutions françaises se cristallise autour de la qualité de l'info (HON vs. communautés de patients)

3:23 pm **sante2_0:** #health2eu Une paneliste prend doctissimo pour une communauté de patients !

3:24 pm **S_Mueller:** RT @jamesmusick; #health2eu Photos from yesterday, beautiful location! http://tweetphoto.com/17507263 http://tweetphoto.com/17507293
3:24 pm sharingstrength: #health2eu Common thread thu-out day2 -> importance of pt narrative. Glad to see it is gaining steam.

3:24 pm emmastanton: RT @paulgrant: Agree! RT @EngagementStrat: Loving comments from Annabel Bentley @doctorblogs at #health2eu

3:25 pm TiphaineMF: do you expect #health2eu to be integrated into national healthIT systems in EU ? 30 % say no it will remain separate.

3:25 pm meducate: RT @emmastanton: RT @paulgrant: Agree! RT @EngagementStrat: Loving comments from Annabel Bentley @doctorblogs at #health2eu

3:26 pm psweetman: #health2eu think how many more patients doctors could see if half of their consultations were virtual /via @JohnPerkins

3:26 pm sharingstrength: RT @TiphaineMF: do you expect #health2eu to be integrated into national healthIT systems in EU ? 39 % say no it will remain separate, 

3:26 pm TiphaineMF: #health2eu Rest of audience agree ! but dichotomie between all countries or countries that already have IT

3:26 pm meducate: Nd outcomes strategy, tho! RT @SusannahFox: MD wants study of outcomes in Health 2.0, desc randomized trial of website use in NL #health2eu

3:27 pm gaborgy: My #health2eu wrap up 3: Big Q: How to defeat or cross the language barrier? We can not step forward without answering this.

3:27 pm meducate: RT @gaborgy: My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems & nd different solutions.

3:27 pm RonanDenoual: Illustre l'inexistence de ces com. en Fr ! RT @sante2_0: #health2eu Une paneliste prend doctissimo pour une com. de patients ! #health20fr

3:27 pm TiphaineMF: @RonanDenoual #health2eu #health20fr on affrontera toujours le même problème : ont ils le temps et l’intérêt ?

3:28 pm sharingstrength: #health2eu fantastic to meet so many fellow tweeters IRL@psweetman @engagementstrat @pierreyves @gaborgy @paulgrant @ValerieRAVERY...

3:29 pm Jeremy_Theobald: RT @paulgrant: Agree! RT @EngagementStrat: Loving comments from Annabel Bentley @doctorblogs at #health2eu

3:29 pm EngagementStrat: Coming up: Some other responses to questions raised during the panel session I took part in at #health2eu...

3:29 pm fision: #health2eu IT shouldn't be the issue to any project that needs to be delivered.

3:29 pm RonanDenoual: @TiphaineMF Vont-ils seulement avoir le choix de trouver le temps ? Ca va s'imposer à eux. #health2eu #health20fr

3:30 pm sante2_0: RT @psweetman Same here! RT @SharingStrength I'm happy to welcome so many new followers thanks to #health2eu. Thank you.

3:31 pm sharingstrength: #health2eu and more @newstream @TiphaineMF @IPPZ_nl @dawidge @nextwizards @ANewCLOUD @urigoren @xbrochart @health20Paris ...

3:31 pm ValerieRAVERY: @SharingStrength Yes indeed ;) #health2eu #health20fr

3:31 pm CIMoris: #health2eu We are asking people way too much engagement ... Consider social gaming experience

3:31 pm EngagementStrat: A fantastic question was asked at #health2eu about digital divide. My comment would be [in my next tweet]...

3:31 pm sante2_0: RT @sjw70 #health2eu H2.0 wrapping up, fascinating 2 days - in 2 years soo much of current partial solutions will have integrated/connected

3:31 pm dawidge: Tweet QA! RT @EngagementStrat: Coming up: Some other responses to questions raised during the panel session I took part in at #health2eu

3:32 pm RonanDenoual: Dans la salle : "bcp de data, mais il va falloir etre tres bon sur l'experience utilisateur" #health2eu #health20fr

3:32 pm martinbrass: #health2eu can healthcare learn from ClubPenguin?

3:33 pm sante2_0: #health2eu qui est volontaire pour former l'APHP à Health 2.0 ?

3:33 pm EngagementStrat: #health2eu Engagement is not just about digital. A successful engagement strategy must embrace offline channels too.

3:33 pm sharingstrength: #health2eu and en plus I look forward to our continued exchanges on #hcsmeu. i wish I could've met you all.

3:34 pm RonanDenoual: Tjs ds la salle : "utile de s'inspirer des jeux videos : récompenser l'util. comme on peut valoriser son avatar" #health2eu #health20fr

3:34 pm ValerieRAVERY: APHP. "un outil qu'on n'utilise pas bien". Au moins lucide ! #health2eu #health20fr
3:34 pm TiphaineMF: #health20fr RT @sante2_0: #health2eu qui est volontaire pour former l'APHP à Health 2.0 ?

3:34 pm EngagementStrat: #health2eu ...Language barriers are significant factor in digital health divide too http://ow.ly/t1Cmo

3:34 pm EngagementStrat: A Q was asked today at #health2eu about ROI. Key to this is knowing WHAT you want to achieve, and knowing HOW you will measure that online.

3:35 pm TiphaineMF: RT @EngagementStrat: #health2eu Engagement is not just about digital. A successful engagement strategy must embrace offline channels too.

3:35 pm fison: #health2eu ...Engagement is not just about digital. A successful engagement strategy must embrace offline channels too. Via @engagementstrat

3:35 pm EngagementStrat: Other #health2eu questions? Fire away... let's discuss :-)  

3:36 pm aallende: Many health2.0 platform asking for the patients to participate aren't we asking to much from them? #health2eu #UX

3:36 pm SusannahFox: RT @gabory: My #health2eu wrap up: first we need our European Pew Research. Without relevant data we will not see the forest only some trees.

3:36 pm emmastanton: #health2eu @engagementstrat @meducate @paulgrant @health20Paris @doctorblogs Plea not to leave mental health behind in the digital crusade

3:37 pm meducate: @engagementstrat Congrats on a great #health2eu presentation!

3:37 pm sharingstrength: @andrewspong @marieeved @kiwfranc @catrosi @AnikoLecouttre @caitherssey merci pour vos appuis derriere les coulisses. #health2eu

3:37 pm SusannahFox: RT @gabory: My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems and need different solutions.

3:37 pm sharingstrength: @ePatientDave @DrRemy @carlosrizo @chibbie @odomlewiss @bagicalupe Thx for your support behind the scenes #health2eu

3:38 pm SusannahFox: RT @gabory: My #health2eu wrap up 3: Big Q: How to defeat or cross the language barrier? We can not step forward without answering this.

3:38 pm martinbrass: RT @gabory: My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems and need different solutions.

3:38 pm portablegenomic: 1st mention of bioethics by ... a french panelist @ #health2eu. The 2.0 revolution has been postponed in France.

3:39 pm EngagementStrat: Absolutely! V important area & much to be done. RT @emmastanton: #health2eu Plea not to leave mental health behind in the digital crusade

3:39 pm ValerieRAVERY: RT @gabory: My #health2eu wrap up 2: Learn and get inspiration by the US examples, but EU has different problems and need different solutions.

3:40 pm sharingstrength: @SusannahFox gr8t meeting you #health2eu.

3:40 pm EngagementStrat: #health2eu @doctorblogs: "At Bupa we believe that intelligent use of healthcare data will help reduce cost of healthcare"

3:41 pm paulgrant: Real-time, location based health care is the future says Annabel Bentley #health2eu

3:41 pm sharingstrength: RT @EngagementStrat: Q at #health2eu abt ROI. Key to this is knowing WHAT u want to achieve, and knowing HOW u will measure that online.

3:41 pm RonanDenoual: This a lot Denise for Health 2.0 Europe ! #health2eu #health20fr

3:41 pm TiphaineMF: La tribu Cancer : patients need to be guided #health2eu

3:41 pm aalena: first European #health2eu wraps up! Amazing two days, great turn-out, lots of interesting demo's & impeccable organization. Congrats!

3:41 pm portablegenomic: Bupa and oecd for president instead @ #health2eu they made our day

3:41 pm EngagementStrat: #health2eu @doctorblogs: "Health information is behind the curve. Health info will become more "twittery" - real time, location-based..."

3:42 pm sharingstrength: Still more 2 discuss once brain is recharged. RT @EngagementStrat: Other #health2eu questions? Fire away... let's discuss :-)  

3:42 pm newstream: RT @EngagementStrat: #health2eu @doctorblogs: "At Bupa we believe that intelligent use of HC data will hlp reduce cost of healthcare"

3:42 pm sharingstrength: @doctorblogs everything you said at #health2eu during last panel was brilliant!
